Crisis Action Plan
For
Leo Buckley Stadium

500 N 38th St
Killeen, TX 76543
Introduction of the Crisis Plan for Leo Buckley Stadium

**Purpose:** This Crisis Plan has been designed to assist School District of Killeen ISD in the creation of a system for protection of life and property in the event of a various emergency situations (whether natural or man caused) requiring the movement of people from an area which is believed to be unsafe within Leo Buckley to a safe area.

Potential emergencies at Leo Buckley Stadium, such as fires, explosions, bomb threats, chemical releases, and severe weather conditions will require some or all of the staff, performers, teams, officials, and spectators to evacuate Leo Bukley event locations. The Crisis Plan provides guidance for the management, staff and spectators and will minimize threats to life and property.

The plan will mainly pertain to sporting events but will also apply other events held at Leo Buckley Stadium.

Leo Buckley Staff

Stadium Incident Command Structure

- Killeen ISD Senior Officer or Designee
  - Responsible for outside law enforcement personnel and communication during crisis. Will have command post located inside home side ticket booth.

- Stadium Manager or Designee
  - Responsible for Stadium Staff (ushers & ticket takers), Custodians, Maintenance, Transportation, Announcers, Scoreboard Operator

- Athletic Director or Designee
  - Responsible for – Coaches (home & visitor), Trainers, and Referees

Training & Pre-event Assignments

- Stadium Staff and Killeen ISD Police Officers (KISD PD) will be trained to operate the fire alarm, public-address system, AED, fire-extinguishers
- All stadium staff and KISD PD will be trained in Leo Buckley Crisis Plan
- KISD PD and Stadium Staff will be given assigned station areas and responsibilities before the event in accordance with the stadium’s crisis plan. In case of an emergency, they will provide immediate assistance and then respond to their designated station area and duties to assist with evacuation.

Exits/Gates

- Stadium staff will ensure that gates are open in their designed areas according to the crisis plan
Crowd Control

- Staff will assist with crowd control and communications in the areas that were assigned to them at the beginning of the event. If staff member moves to a different area, this must be communicated to Stadium Manager of Incident Commander (KISD PD Senior Officer)

Traffic

- KISD PD will have radio communications and will assist with traffic control on 38th St. and Atkinson
- Stadium security will assist with traffic control on school district property

Parking and flow of traffic see Appendix A

Wheelchair Assistance

- First Floor – Will be removed from first floor deck into elevator. Stadium staff will then monitor as they leave the elevator and exit the stadium. Evacuation devices will be provided.
Inclement Weather Plan

Monitoring
Weather will be monitored by a variety of devices. These include: WeatherBug Streamer RT System, stadium staff, radios, television, police dispatch and computer webcast.

Communication
Stadium staff will keep game officials and spectators up to date on changing weather conditions. Officials will call the game/event if weather conditions warrant. If the game/event is delayed, fans will be notified by public address to evacuate to the designated facilities and vehicles. If the game/event is called, a public-address message will be made asking everyone to leave the premises. Teams will report to the locker rooms until they are told to vacate. During sporting events in which lightning is nearby, band members, cheerleaders, and drill teams will be sent back to school transportation for. Law enforcement officers and stadium administration will assist in the evacuation of the stadium. If officials and Athletic Director agree that it is safe to resume, fans will be allowed to enter for the remainder of the game without ticket or penalty for the remainder of the game

Exit/Gates
When area is in a severe weather condition, extra gates will be opened so that the area on the bottom floor of the press box is available for shelter. This will be done at the direction of the Stadium Administration.

Designated Shelter Area
If severe weather (tornado, hail, heavy winds, lightening, etc.) is in close proximity to stadium, spectators and others not in locker rooms will be directed to take shelter in their vehicles, the Killeen High School Gym (home side) or the Athletic Warehouse (visitor side). During a tornado, this will include individuals located in the press box.

Inclement Weather Evacuation/Shelter Routes see Appendix B
Emergency Evacuation (non-weather)

If an emergency is identified either through the alarm system or some other means of communication, the Stadium Manager will determine if evacuation is necessary. When an emergency is identified, Stadium Manager will use the following forms of communication to direct action. If the Stadium Manager is not on site, his designee will assume this role (Athletic Director, Assistant Athletic Director).

Emergency Communications

Radio System
- Send personnel to verify emergency
- Send message out to KISD PD and stadium staff personnel to ensure gates are open.
  All gates should be unlocked by personnel prior to the start of all events.

Public Address System
- Inform spectators and stadium occupants that there has been a report of an emergency situation and that personnel have been dispatched to investigate
- Relay the results of the investigation and communicate what areas if any should begin evacuation

Scoreboard
- Scoreboard can be used to communicate emergency information to stadium occupants

Phone System
- Stadium Staff/ KISD PD should initiate call to 911 to notify them of the situation. It is likely that some spectators/occupants will contact 911 to report the alarm. It is best if stadium personnel can provide 911 with accurate information
Fire or Fire Alarm Activation

- The stadium announcer will notify the Stadium Manager
- Go to fire alarm panel and determine location of activated device
- Dispatch staff member to verify emergency
- Dispatch staff to open gates
- Dispatch security to assigned stations to standby for possible crowd control evacuation
- Communicate with spectators and participants that there has been an alarm activated and to listen for further instructions
- Begin evacuation
- Notify emergency responders of situation
- Stadium staff should provide assistance to those in wheelchairs and others requiring special assistance safely out of the venue
- Stadium staff should notify the Stadium Manager via radio that all floors of press box, stadium seating, restrooms, stadium concourse and field has been cleared and successfully evacuated
- When fire department/EMS respond to emergency and set up incident command site Police Commander will report to this command post. Individual will use radio to keep Stadium Manager informed of events
- Emergency diagrams will be posted under the stadium and in the restrooms.
  
  *Fire Evacuation Routes see Appendix C*
Bomb Threat During Events

- Once any Leo Buckley staff member has been notified of a bomb threat, KISD PD will be contacted who will, in turn, notify local legal authorities.
- Person who answers phone will fill out form (included) while on the phone or after the phone call
- Ticket takers upon being informed of evacuation will lock the doors to the ticket booth securing money behind locked doors
- Officials will be contacted and directed to exit the teams immediately to their dressing rooms and then to buses. Officials will report to Athletic Office
- Band, cheer, drill team, and all student groups will exit stadium and board school transportation.
- Announcement will be made informing spectators that game/event has been rescheduled and to evacuate the stadium.

*Bomb Evacuation Routes see Appendix D*

Weapon Threat

- If a weapon is spotted, KISD PD will be notified. Athletic Director will be notified and in turn will notify the officials on the field. If it is determined that fans or the football team are in no danger, the event will proceed as normal.
- If it is determined that the situation presents danger, the Athletic Director will notify the announcer who will instruct the officials to exit the teams from the field
- If shots are fired, spectators will be follow the instructions of the responding officer.
- Once the suspect has been apprehended and the police feel that it is safe to resume the event, the stadium manager or designee for the event will give the notification to resume.
- If the Stadium Manager or Athletic Director feels that the situation is damaged, the event will be rescheduled.
Power Outage

- In the event of a power outage, there is not a backup generator.
- Stadium manager or Athletic director will contact ONCOR to gather more information about the power outage.
- The PA system will not be operable so bullhorns will be provided to stadium workers in order to communicate further directions. In the event of an evening power outage, glow sticks, light wands and flashlights will be provided to stadium staff.
- Supervisor/designated staff determine if evacuation or other course of action should be taken (e.g. wait for power to be restored and continue event).
- Supervisor/designated staff inform event staff of determination and direct staff to initiate a course of action.
- Event Staff, Event Manager, and Police direct patrons to exits and assist those needing assistance.
- Event Staff assists patrons with evacuations of necessary.

_Bomb Evacuation Routes see Appendix D_

Train Accident

- In the event of a train derailment/accident with a subsequent hazardous materials release into the atmosphere, the most senior KISD PD member will determine the emergency level and appropriate response and will advise the stadium staff what to do.
- **Level One:** Minor derailment with no, or small, release of non-hazardous material. No or minor risk to stadium patrons.
- **Level Two:** A derailment that causes a major explosion, fire or chemical release affecting the stadium and surrounding community. Evacuation will be initiated as there is no shelter to seal patrons in. Everyone will be told to evacuate to their vehicles.

  Move away from campus quickly and as far away as you can. Be aware of wind direction and try to move in the direction of the wind, if possible. Vehicles should close windows and turn off car heater/air conditioner fan that could allow hazardous fumes to vent into the vehicle.
