1. **Is the student residing with someone who is not their parent or court appointed guardian?**

   If yes, continue to the next question.

2. **Does the student meet the definition of homeless under McKinney-Vento?**

   These are sample questions that can be asked to determine McKinney-Vento eligibility. Reminder: Homelessness is defined as “lacking a fixed, regular, and adequate nighttime residence”.

   - Why is the student living with someone who is not their parent/guardian?
   - Is the entire family homeless and this student placed in this residence as a temporary plan for housing?
   - Did the student leave home because of severe family conflict?
   - How long can the student continue living where he/she is?
   - Does the student have his or her own space/bedroom in the residence?
   - Does the student have adequate privacy?
   - Can the student come and go as needed?
   - Where would the student live if not able to live where they are?

If the student is considered homeless (lacking a fixed, regular, and adequate nighttime residence) and unaccompanied (not in the physical custody of a parent or guardian), then they can be registered as an unaccompanied homeless youth under the McKinney-Vento Act.

If the student is not homeless and he/she is residing with a person other than the parent or court-appointed guardian, the student does not qualify as an unaccompanied homeless youth under the McKinney-Vento Act.
