

ESL Department

Pathways Academic Campus

Hello students and parents!

We are more than happy to have you on board!

English as a Second Language is a language education study program for non-native speakers that prepares students to be successful in all academic subjects. This program is designed to give students special attention while learning and practicing English. Here at Pathways Academic Campus our goal is to guide our students' learning process and focus on reading, writing and speaking English. We ensure that all our students receive the support they require to be successful.
