  List of Grant Awards (including Grant Manager, grant funding source, grant period, and grant amount) .................. 69
General Information
The district has established fiscal procedures that apply to all financial transactions regardless of
the funding source. Procedures that relate directly and/or indirectly to federal and state grant
compliance are indicated with a (†).

Mission
The Mission of the Killeen Independent School District is to teach so that students learn to their
maximum potential.

The Killeen ISD board of trustees adopted Goals and Priorities for the District which includes Goal
#5 "Killeen ISD will maintain efficient and effective management of resources and operations to
maximize learning for all students and staff."

The Business Department’s primary goal is to protect the assets of the district and to ensure that
all financial transactions are performed in accordance with generally accepted accounting
practices.

Business Department
The Business Department staff shall perform multiple roles; however, adequate controls of
separation of duties shall be maintained at all times. All Business Department staff are expected
to comply with the:

- School Board Policy CAA Local regarding fraud
- Killeen ISD Code of Conduct (located in KISD NEED LINK HERE Employee Handbook)
- Killeen ISD Acceptable Use Guidelines

Each staff member shall have an up-to-date job description on file in the Human Resources
department. In addition, each staff member should receive and sign a job description and
corresponding evaluation instrument during the annual evaluation process. Changes to job
descriptions should be made when substantial changes occur in job duties or responsibilities.

Organizational Chart
The Killeen ISD organizational chart is documented in the published administrative procedures as
procedure I-A and is included in the KISD Admin Procedures section of this manual.

General Ledger Maintenance (†)
General ledger entries shall be made on an on-going basis as needed. End-of-the-month and
end-of-the-year entries shall be made on a timely basis. End-of-the-year entries shall be made
prior to the end of audit field work by the district’s external audit firm.
The Senior Accountant shall be responsible for monitoring the general ledger maintenance on a monthly basis. The general ledger shall be reviewed for accuracy in areas such as, but not limited to the following:

- Cash and investment balances equal the respective bank or investment monthly statements
- Aged purchase orders, receivables and payables
- Verify that fund accounts are in balance
- Verify that bank account reconciling items are posted to the general ledger

**Journal Entries (†)**

All general ledger entries shall be in balance (debits shall equal credits). Journal entries shall be entered into the TEAMS finance software by the Treasury, Payroll, Accounts Payable, Budget, Accounting, Financial Services and Financial Reporting departments. A copy of the journal entry, with substantiation for the entry, is to be placed in the Senior Accountant’s inbox. Substantiation may also be saved as an attachment when entering the journal entry into TEAMS. All journal entries are automatically numbered by the system for tracking purposes. Treasury, Payroll, Accounts Payable, Budget, Accounting, Financial Services and Financial Reporting staff members shall be authorized to create journal entries. The Senior Accountant and the Director of Financial Reporting shall be authorized to review, approve and post journal entries to the general ledger.

All payroll and paycheck general journals shall be entered in the finance system by the Payroll Department. The Payroll Specialist shall verify that the pre-post payroll and paycheck general journals and the finance payroll and paycheck general journals are in balance and posted accurately to the general ledger. All payroll and paycheck general journals must be posted to the finance general ledger no later than the actual pay date. The Payroll Specialist and Budget Coordinator shall verify that the pre-post payroll earnings general journals are in balance and posted accurately to the general ledger. All payroll earnings must be posted to the finance general ledger at the end of each month.

All changes to the general ledger should be posted within the same month that the changes occurred, if possible, or as soon as practical. All journal entries affecting cash shall be dated and posted as of the date of the physical cash transaction. At times, prior to closing the month, additional reconciling journal entries may be posted in accordance with the creation and approval guidelines.

All reports should be filed for audit purposes including, but not limited to, the following:

- Bank Reconciliations
- Outstanding checks list
- Journal entries
- Activity fund reports
- Aging Receivables
- Aging accounts payables
- Quarterly Investment reports

Reports such as those listed below shall be stored in the finance software system and may be accessed when needed.
▪ General journals
▪ Grant expenditures
▪ Check registers
▪ Detail general ledgers
▪ Trial balance

The Director of Financial Reporting shall review a Summary General Ledger on at least a quarterly basis to ensure the accuracy of fund accounting.

**Data Entry and Validation (†)**

All data entry shall be from the appropriate source document(s). All data entry shall be validated (verified) with the source documents. A system of checks and balance shall be in place to ensure that all postings to the general ledger result in the desired outcome. For example, a cash receipt journal shall be validated to ensure that the total amount deposit matches the posted cash receipt journal. All finance departments are responsible for ensuring that the data entry reconciles with the correct source documentation.

Ongoing, daily data entry validation greatly increases the accuracy of the fund accounting and facilitates reconciliation of the monthly bank statements with the general ledger.

**General Ledger Transactions (†)**

All general ledger financial transactions shall require the following minimum data:

▪ **Date of the general ledger transaction** – the date of the transaction should be within the posting month and within the posting fiscal year
▪ **Description** - brief description of transaction
▪ **Account code(s)** – the proper account code shall be used for all transactions
▪ **Journal [transaction] number** – the number assigned should be automatically assigned in a sequential order. A log of the journal numbers utilized each fiscal year is available in an automated form.
▪ **Credit and debit amounts**– total debits must match total credits
▪ **Reason for the general ledger transaction** – explain the reason for the transaction such as cash receipt number, adjustment to budget/expense, etc.
▪ **Supporting document** – supporting documentation, if any, shall be attached to the journal entry form for audit tracking purposes
▪ **Creator and/or approver of transaction** - name of the individual entering transaction and name of individual approving and posting transaction.

All general ledger payroll transactions shall require the following minimum data:

▪ **Check date** – the system-generated general ledger transaction should reflect the check date as part of the journal entry number
▪ **Pay period** - period of time payroll is earned
▪ **Pay Cycle Group** - Hourly, Substitute, Exempt and Non-Exempt
▪ **Run ID** - automated number assigned to payroll, paycheck, and earnings run
▪ **Run type** - Normal, Adjustment or Void

---

Killeen ISD Federal Programs Manual  Page 6
Account code(s) – the account codes charged for all payroll disbursements, including liability accounts, should exist in the general ledger prior to posting the system-generated journal entries. [Note: During the payroll posting process, the payroll department must print and verify that all payroll accounts exist on the general ledger. If accounts do not exist on the general ledger, the accounts should be verified for accuracy and if accurate, the list of account codes must be submitted to the budget department (revenues, expenditures) or Director of Financial Reporting (assets, liabilities, fund balance) to ensure that the appropriate accounts are created in the finance system.

End of Month Process
Within 20 days of the end of the month, all transactions, transfers and journal entries should be posted by all departments. There are three steps in completing the End-of-Month process as listed below:

- Reconciliation of all bank accounts
- Reconciliation of all activity fund accounts
- Reconcile Warehouse stock book to general ledger accounts

The month is closed at the same time as all other months at year-end when closing the fiscal year.

The Finance EOM Checklist and Procedures should be utilized to ensure that all critical steps are followed during the EOM Process.

End of Fiscal Year Process
All changes to the general ledger should be posted within the same month as the changes occurred, if possible, or as soon as practical. Within 30 days after the end of the fiscal year, all end-of-fiscal year reports should be printed and verified for audit purposes.

All end-of-fiscal year adjustments should be posted to the general ledger prior to closing out the fiscal year. Prior to the start of the audit field work, the following adjustments shall be posted to the general ledger:

- Reconcile all cash and investment accounts – all cash and investment accounts shall match the corresponding bank or investment general ledger balances as of August 31st, as reflected on the respective monthly statement.
- Reconcile all revenue accounts with amounts received and/or earned as of August 31st – All measurable revenue should be posted to the general ledger. For example, all state aid earned as of the most recent near-final Summary of Finance report from TEA shall be posted to the appropriate state revenue accounts. An additional near-final Summary of Finance should be reviewed for material changes prior to drafting the fund financial statements. Property taxes and allowances for uncollectible accounts should also be reconciled to the appraisal district confirmation and posted to the general ledger.
- Reconcile all grant revenue and expenditures – the revenue and expenditures in every grant program (state and federal) should equal. The excess revenue if any should be reclassified to a payable to the granting agency, unless the excess revenue is an advance payment (deferred revenue). If expenditures exceed revenue, the amount due from the granting agency should be posted to the revenue account and accounts receivable accounts.
- Reconcile the final amended budget – verify that all budget amendments (at the functional level) have been posted to the general ledger. The sum of the original
Reconcile and post all accounts receivables – all funds due from other sources, as of August 31st, shall be posted to the general ledger. The receivables shall be measurable and expected to be received within 60 days after the end of the fiscal year in accordance with the district’s accounting standards.

Reconcile and post all accounts payables – all payables due to others (vendors especially), as of August 31st, shall be posted to the general ledger. The amounts due for all goods and/or services received as of August 31st are classified as accounts payable and paid during the next fiscal year. The accounts payable department shall complete the accrual process no later than October 15th for recording prior year accounts payables, unless the accounts payable expense exceeds $10,000 and is known prior to the end of the audit field work. The accrued payables are to be reconciled and ready for auditor review by the end of October. The accounts payable account (Object Code 2112) in the prior fiscal year (credit) and the next fiscal year (debit) must be in balance.

Reconcile all accrued wages and benefits as of August 31st – All accrued wages and benefits shall be posted to the general ledger, especially for all wages earned in August but scheduled to be paid in the next fiscal year (after September 1st). The payroll department shall perform the payroll accrual process for all September payroll runs; normal and adjustments.

Reconcile all prepaid expenses as of August 31st – All prepaid expenses shall be posted to the general ledger to object code 141X. A prepaid expense is typically one that represents a disbursement of funds (payment) for goods or services that will be received or utilized in the next fiscal year. For example, a maintenance agreement that has a term of January 1st through December 31st, would have an expense for 6 months in the current fiscal and a prepaid expense of 6 months at the end of the fiscal year. [Note: The prepaid expenses should be cleared in the next fiscal year by posting the expense to the appropriate expense account code(s).]

Reconcile inter fund receivables and payables - the total of all due from accounts (debit) should equal the total of all due to accounts (credit) for all governmental funds

Reconcile the fixed assets ledger with all fixed asset additions, deletions, or changes – All assets (as defined in the Property Management Internal Asset Accountability Procedures) acquired during the fiscal year shall be added to the fixed asset ledger database in TEAMS by property management. All assets disposed of (sold or lost) shall be removed from the fixed asset ledger by property management. Changes, if any, to the location, value, or category of assets shall be posted to the fixed asset ledger. The Property Management Coordinator is responsible for ensuring that all additions, deletions and useful lives are entered into the software prior to audit fieldwork. The Director of Financial Reporting is responsible for reconciling fixed assets and accumulated depreciation and posting depreciation expense for all fixed asset classifications.

Reconcile bonds & long-term debt - The Director of Financial Reporting is responsible for the reconciliation of bonds payable to the debt service requirement schedules and ensuring that all principal and interest payments are accounted for in the debt service schedule.

Reconcile the fund balance as of August 31st – All changes, reductions, additions, and/or designations [restricted, committed, assigned, etc.] of fund balance accounts shall be posted to the general ledger by the Director of Financial Reporting. All budgetary fund balance accounts (object code 3711) shall be posted to the appropriate fund balance account (typically object code 36XX). [Note: Changes to the budgeted, committed and assigned fund balances should be supported by minutes of Board approval. The Superintendent is authorized by the School Board to assign fund balances.]
Segregation of Duties (†)
At a minimum, the business office staff shall operate under a segregation of duties, including but not limited to, the following:

- **Endorsement of checks** – The same staff member shall not prepare and endorse accounts payable or payroll checks.
- **Bank reconciliations** – The same staff member shall not prepare cash disbursements, cash deposits, or other cash transactions and reconcile the district’s bank accounts.
- **Maintain non-cash accounting records** – The same staff member shall not prepare non-cash general ledger transactions and post the transactions to the general ledger.
- **Purchasing and Receiving functions** – The same staff member shall not serve as the final approver of a purchase order and verify receipt of the goods.
- **Contract Management** – The same staff member shall not approve a contract for goods or services and have sole approval authority to disburse the payment for the contracted goods or services.

Retention of Records (†)
All financial records for the current fiscal year shall be retained for audit purposes in accordance with the district Local Records Retention Schedule. Destruction of records, at the expiration of the records, shall also be in accordance with the district’s Local Records Retention Schedule. Note: The Destruction Schedule [list of all records destroyed] is a permanent document. Unless a record that has been destroyed is specifically listed on a Destruction Schedule, it is presumed to still exist.

The district shall maintain grant-related records in paper format, electronic format, or in a combination of paper and electronic formats. In accordance with federal regulations, the district shall maintain the grant-related records in an open and machine readable format. Specifically, the district shall use the following formats to store electronic data.

- Microsoft products such as Word and Excel
- PDF files
- TEAMS Financial Management System
- TEAMS Human Resources Module

The Records Custodian for the financial records of the district is the Coordinator for Property Management. All questions related to the retention, destruction, and/or addition of new record series shall be directed to the Coordinator for Property Management.

Data System Security & Access to Records (†)
Business department staff handles and/or processes a substantial amount of confidential information. All staff is strictly prohibited from revealing confidential information to an unauthorized individual. Unless required by Federal, state, and local statute, the district is not required to permit public access to their records. The district shall make all grant-related records available for access to the federal granting agency and/or pass-through entity upon request.
All business office staff shall sign a Confidentiality Agreement on an annual basis. Among the most critical information is documentation related to employee’s Personally-Identifiable Information (PII) such as health, benefits, financial, family members, or other personal information. Violators will be subject to discipline, employment termination, and/or may be reported to the appropriate legal authorities. Violations of some protected information, such as health or medical information, is also protected by federal laws, such as HIPPA.

Unless notified otherwise by the federal granting agency, the district shall retain all financial and program records related to the grant award in accordance with the federal grant. Upon request from the federal granting agency, the district shall transfer the records to the requesting federal agency.

The business office staff shall be authorized to access the district’s financial and/or payroll systems for job-related purposes only. Use of the systems for personal reasons or benefit will result in disciplinary action, up to and including employment termination.

Each staff member shall take appropriate steps to ensure that their respective computer system is managed in a controlled environment to prevent unauthorized access. At no time (including lunch breaks) shall a computer system be logged on to a financial data system while unattended by the respective staff member. The financial data system shall revert to a screen lock after 60 minutes of nonuse.

**Assignment of Access and Passwords (†)**

Access to data systems shall be based on the specific job duties and responsibilities of each staff member. Except for limited exceptions, staff will not be given unilateral access to all modules in the financial and payroll system. For example, a payroll staff member will not have access to the human resources system unless the access is limited in scope and “read-only”. These restrictions to unilateral access are designed to prevent complete autonomy which could lead to fraud. Each staff member shall be responsible for securing their assigned password. At no time shall passwords be shared with others or posted in visible locations within the staff member’s workspace. Violators of this restriction shall be subject to disciplinary action, including but not limited to employment termination.

Data system access to authorized modules shall be determined by the principal or department supervisor. Each staff member shall have access to their respective databases and tabs within a database based on their position. Security roles will be established and assigned with the specific access to each module. In the event that a staff member gains access, due to human or software error, that he/she is not entitled to, it is the responsibility and duty of the staff member to notify the principal or department supervisor, regarding the ability to access the restricted database or module.

**Revoking Access (†)**

Access to data systems are subject to change and/or revocation when changes occur to a staff member’s position, duties or responsibilities. Access to data systems are also subject to revocation when a staff member violates the Responsible Use Guidelines. Each staff member
shall acknowledge receipt of the Network Acceptable Use Guidelines every school year though signing of the Employee Handbook Receipt Form.

**Business Staff Training (†)**

Every professional staff member will be scheduled to attend at least one training and/or conference opportunity per year.

An annual training calendar shall be developed that may include, but is not limited to, topics in the following areas:

- Account coding
- Payroll and Human Resources Compliance Issues
- PEIMS Data Reporting and Quality
- GASB
- Audit requirements
- Legal changes, such as Purchasing
- State and Federal Grants Management
- Data system (software)
- Travel Guidelines
- TASBO job-related trainings

Staff members who have attained TASBO certification status will be afforded an opportunity to attend at least 20 hours per year (for a total of 60 hours every 3 years) through TASBO or a TASBO-approved CEU provider. Training opportunities for other certification or licensing programs, such as a CPA, shall be provided in a manner that seeks to meet the continuing education requirements for that specific certification or license.

Additional training requests should be submitted to the Chief Financial Officer. It is the employee’s responsibility to request additional training that he/she feels will be beneficial in performing the assigned job tasks. At times, the immediate supervisor may also recommend or direct that a staff member attend specific training to improve their skills or comply with a Growth Plan.

In an effort to support compliance of fiscal policies and procedures, the business office shall conduct annual training for campus and department administrative and support staff, as appropriate. The Chief Financial Officer, with assistance from other professional staff, shall be responsible for developing the training calendar. Critical training areas shall include, but not be limited to:

- Activity Account Management
- Budget Development Process
- Cash Management
- State and Federal Grants Management
- Financial Software Efficiency and Effectiveness
- Impact Aid Survey
State and Federal Grant Management (†)
The Office for Grants and Fiscal Compliance (GFC) at the Texas Education Agency is responsible for managing all discretionary and formula grants, ensuring the agency’s compliance with federal grant requirements, and conducting audits and reviews of all local educational agencies (LEAs). The department houses the following divisions:

- Division of Grants Administration
- Division of Federal Program Compliance
- Division of Financial Compliance

Compliance with all federal and state grant requirements is essential to ensure that all granted funds remain with the district. Failure to comply with grant requirements may result in denial of reimbursement requests and/or requests from the granting agency to return a portion or in some cases all grant funds.

Federal Regulations for Federal Grant Awards
All federal grant funds are subject to compliance with Administrative (EDGAR) and Programmatic (NSLP, IDEA, etc.) regulations for each federal grant award. Title 34, Code of Federal Regulations (CFR), Parts 75-79, 81 to 86 and 97-99 EDGAR is currently in transition. For awards made prior to 12/26/2014, EDGAR Parts 74 and 80 still apply. For awards made on or after 12/26/2014, 2 CFR Part 200, which includes the substance formerly in parts 74 and 80, applies. For state-administered federal grants, TEA shall notify the district on the Notice of Grant Award (NOGA) of the applicable administrative regulations. The State and Federal Grants Addendum contains guidance for pre-December 26, 2014 federal grant awards. The date of the award to the district (or pass-through entity such as TEA) shall determine the appropriate regulations.

When the district’s local policies and/or procedures conflict with federal regulations, the district shall comply with the more restrictive regulations.

Overview of the Education Department General Administrative Regulations
EDGAR, as amended on December 26, 2014, includes five (5) subparts under 2 CFR Part 200 of EDGAR:

- Subpart A – Acronyms and Definitions
- Subpart B – General Provisions
- Subpart C – Pre-award Requirements
- Subpart D – Post-award Requirements
- Subpart E – Cost Principles
- Subpart F – Audit Requirements
- Appendices – I through XI
EDGAR in its entirety can be accessed at:

To ensure consistency, the district shall utilize the acronyms and definitions included in EDGAR for
general terms related to the management of federal grant funds. The EDGAR Acronyms and
Definitions can be found in CFR 200.0 through 200.99.

Programmatic regulations for each of the district’s federal grant awards are hyperlinked in the
List of Grant Awards for easy access to the Fiscal Guidelines, Allowable Costs, and/or other
programmatic regulations.

At the District level, managing State and Federal Grants shall be a collaborative process among
the Budgetary Services, Property Management, Human Resources, Special Education, and
Special Programs Departments, as well as the KISD Career Center. Each respective department
shall be responsible for their duties and responsibilities as they relate to the management of state
and/or federal grants. The duties of each department are listed below in general terms.
Additional, specific duties and responsibilities may be listed within an area of compliance within
this manual.

Grant Managers

In order to simplify the language of this manual, the term “Grant Managers” will be used. The
following staff members are considered Grant Managers for the purpose of this manual.

<table>
<thead>
<tr>
<th>Carl D. Perkins</th>
<th>Chief Career and Technical Education Officer</th>
</tr>
</thead>
<tbody>
<tr>
<td>IDEA</td>
<td>Executive Director for Special Education</td>

<td>Coordinator for State and Federal Programs</td>
</tr>
</tbody>
</table>

Budgetary Services

- Assists Grant Managers with budgeting grants funds
- Prepares and posts the initial budget and all amendments to the general ledger
- Assists the Human Resources Department with determining the payroll distribution codes
  for all grant-funded staff
- Prepares all grant-related financial reports: monthly, quarterly and/or annually
- Prepares grant-related financial records for the annual financial audit and single audit
- Ensures compliance with the FASRG in coding all payroll and non-payroll expenditures
• Adjusts the general ledger after the Grant Managers’ reconciliation of the time and effort reports, if adjustments are necessary
• Prepares and submits expenditure reports to draw down reimbursement from the Texas Education Agency or the federal government
• Verifies all purchasing and contractual commitments are in compliance with the grant periods and allowable cost principles

Property Management Department

• Retains all grant-related records for five years for audit purposes
• Manages all fixed assets and ensures compliance with federal guidelines for inventory and disposition of inventory

Human Resources Department

• Assists Grant Managers with recruiting and hiring of grant-funded staff
• Ensures that all grant-funded staff meet the Highly Qualified Staff federal guidelines and all state certification requirements
• Ensures that all grant-funded staff have a job description with grant-related duties and funding listed
• Prepares the Highly Qualified Staff Annual Report and conducts the required public notice or hearing
• Maintains audit-ready human resource employee files for financial audit or single audit purposes
• Develops and maintains all salary schedules to ensure consistency between local and non-local pay rates (includes base salaries, stipends and extra-duty rates of pay)
• Assists Grant Managers with determining the position title, Role ID and other salary information for use in completing the grant application
• Retains all personnel records for five years) for audit purposes

Special Programs Department, Special Education Department, Career and Technical Education Department

• Work cooperatively with campus staff to ensure that all grant activities are collaboratively planned and appropriate for each campus
• Provide supporting documentation for budgeted grants funds
• Communicate with Budgetary Services Department regarding grant amendments
• Assist the Human Resources and Budgetary Services departments with determining the payroll distribution code(s) for all grant-funded staff
• Prepare all grant-related programmatic/evaluation reports
• Receive and monitor time and effort reports and submit any adjustments to Budgetary Services
• Monitor the spending thresholds throughout the grant period to ensure that the grant activities are being conducted systematically
• Review and approve all purchasing and contractual commitments in compliance with the grant periods and allowable cost principles
• Retain all grant records for five years for audit purposes
• Provide information to the Human Resources and Auxiliary Human Resources departments regarding the number and type of grant-funded positions approved in the grant application by the granting authority
• Verify that all grant-funded staff have a job description with grant-related duties and funding listed and, that all grant-funded staff sign a job description on an annual basis
• Assist the Human Resources department with determining the position title, position control number and other salary information for use in completing the grant application
• Verifies all purchasing and contractual commitments are in compliance with the grant periods and allowable cost principles
• Provide staff training for their respective staff and other staff, as appropriate, regarding the grant management duties and responsibilities of each staff member
900 – State and Federal Programs and Grants (†)

901  State Programs – Allotments

State Program allotments are estimated and paid to school districts through a Summary of Finance template created by the Texas Education Agency. The actual state allotments are calculated as noted below in each respective section. A settle-up process occurs at the end of each fiscal year – funds owed to a district are paid by TEA and funds owed by a district are paid to TEA (or TEA reduces the following fiscal year funds by the amount owed to the state).

A percentage of each state allotment must be spent on “direct” expenditures for the given special program. The current percentages and program intent code (PIC) are noted below by program:

- Special Education 52% PIC 23
- Career & Technical Education 58% PIC 22
- Gifted & Talented Education 55% PIC 21
- State Compensatory Education (SCE) 52% PIC 24, 26, 28, 29, 30
- Bilingual/ESL Education 52% PIC 25

During the budget process, the estimated state allotment shall be calculated by the Director for Financial Reporting based on current year special program average daily attendance (ADA). The estimated state allotment by special program shall be provided to the Coordinator for Budgetary Services to ensure the correct allocation is available during budget planning. The Grant Managers or Assistant Superintendent shall be responsible for the program compliance in their respective programs or in the case of the Assistant Superintendent, may assign the responsibility to others. Program compliance shall include, but is not limited to: program eligibility, program design, instructional delivery, entry/exit procedures, professional development, and certification.

- Special Education - Executive Director for Special Education
- Career & Technical Education - Chief Career and Technical Education Officer
- Gifted & Talented Education - Assistant Superintendent for Curriculum
- State Compensatory Education - Assistant Superintendent for Curriculum
- Bilingual/ESL Education - Assistant Superintendent for Curriculum

The Budget Department, specifically, the Budget Analyst and Coordinator for Budgetary Services, along with the Grant Managers, shall be responsible for the financial compliance in each of these special programs. Financial compliance shall include, but is not limited to: budgeting development and monitoring, approval of expenditures, financial reporting to TEA, and financial audit.

As part of the budget adoption process, the Coordinator for Budgetary Services shall verify that the proposed budget includes appropriations in each of the special programs of no less than the percentages stated above as required direct expenditures for each special program. [Note: If the District does not budget to compliance, it may not spend to compliance.] Throughout the fiscal year and at the end of the fiscal year, the Coordinator for Budgetary Services shall
calculate the periodic and final spend percentages for each special program. The allocated expenditures by program intent code (PIC) shall be used to determine compliance. In the event, after the annual independent audit is concluded, that direct expenditures fall below the mandated percentages, the Coordinator for Budgetary Services shall ensure that the deficit amount from the prior fiscal year is budgeted in the current fiscal year.

The mandated program intent codes (as defined in the FASRG) are classified as Basic or Enhanced. The PICs in these classifications for regular and special program allotments are noted below:

Basic Services – PIC 1X
  - PIC 11 Basic Educational Services

Enhanced Services – PIC 2X – 3X
  - PIC 21 Gifted & Talented
  - PIC 22 Career & Technical Education
  - PIC 23 Special Education
  - PIC 24 Accelerated Education (State Compensatory Education)
  - PIC 25 Bilingual and ESL Education
  - PIC 26 Non-Disciplinary Alternative Education Program
  - PIC 28 Disciplinary Alternative Education Program – Basic
  - PIC 29 Disciplinary Alternative Education Program – SCE Supplemental
  - PIC 30 Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)
  - PIC 31 High School Allotment
  - PIC 32 Pre-Kindergarten
  - PIC 33 Pre-Kindergarten, Special Education
  - PIC 35 Pre-Kindergarten, Bilingual

If the intent of a particular course or program is one of the Enhanced Services, the appropriate PIC shall be used for the expenditures even if an incidental student benefits from the program. For example, the salary of a Bilingual Instructional Aide should be paid 100% from PIC 25, if the intent of his/her position is to support Bilingual students even though 1 or 2 non-Bilingual students also benefit from a small group instructional setting.

At the beginning of each school year, the salaries of all staff should be determined based on their position and assignment. Specifically, we need to know the following:

- What the employee will do? Determines the function code
- Where the employee will work? Determines the organization code (may be split)
- Who will benefit? Determines the population served or PIC (may be split)

Determining the correct payroll account distribution codes is critical to ensure that all payroll costs are expensed in the correct account codes. This is extremely important for staff assigned on a partial or full time basis to support a special program. Only the payroll costs for services whose intent is to serve one or more special programs may be charged to the special program PIC.
Campus principals review these allocations from Human Resources. Changes to staff placement in these allocations are made throughout the spring and summer. In mid-August, campus principals review their staffing allocations and staff placement for changes/updates. Staffing allocations with full-time equivalencies is available on demand from TEAMS. Allocations for special programs are labeled. Once the school year begins, enrollment is monitored daily and allocation changes are made as required. Before September 15th of each school year, the campus principals must review a consolidated staff report. The campus consolidated data is from the finance, human resources, and student information systems. This data will reflect full-time equivalents, population served from the master schedule, and the program intent code from the budget data. [Sample Report in the Exhibit Section] The Staff FTE report shall reflect the names of all staff, the position, and the assignment(s) by PIC code. For example, a teacher that teaches 4 special education classes and 4 career and technical education courses, should have .5 FTEs in PIC 23 and .5 FTEs in PIC 22. [Note: The master schedule shall reflect the teaching assignment for all teachers and every course section shall reflect the “intent”, or population served code. The population served codes [PEIMS Population Served Code Table 030 in Exhibit Section] and program intent codes are correlated below:

- Population Served Code 04 PIC 21 Gifted & Talented
- Population Served Code 05 PIC 22 Career & Technical Education
- Population Served Code 06 PIC 23 Special Education
- Population Served Code 03 PIC 24 Accelerated Education (State Compensatory Education)
- Population Served Code 02 PIC 25 Bilingual Education
- Population Served Code 07 PIC 25 ESL Education
- Population Served Code 03 PIC 26 Non-Disciplinary Alternative Education Program
- Population Served Code 03 PIC 28 Disciplinary Alternative Education Program – Basic
- Population Served Code 03 PIC 29 Disciplinary Alternative Education Program – SCE Supplemental
- Population Served Code 03 PIC 30 Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)

All staff assigned to support all students, not specifically served in a special program, shall be coded as basic population served (01) and the basic program intent code (11).

The Staff FTEs reports shall be submitted to the Grants Manager no later than the beginning of each fiscal year. The Grants Manager shall verify the Staff FTEs and ensure that funds are budgeted in the appropriate payroll account codes. Budget changes and/or amendments, if any, shall be prepared by Grants Manager. [Note. The minimum spend percentages shall be verified again to ensure that the budgeted amount by PIC still meets or exceeds the minimum spend percentage by special program.]

After approval of the Staff FTEs reports, the Budget Department shall update budget codes for the purpose of updating the payroll distribution record(s) of each district employee.

Campus Principals and Special Program Administrators shall be responsible to ensure that any changes to staff assignments are submitted to the Human Resources within five (5) days of the assignment change. The prior process of verifying the FTEs/account codes, approval of the FTE
report, and submission of the reports to the payroll department shall occur upon the receipt of assignment changes.

**NCLB**

In April of each year, the Coordinator for State and Federal Programs, sends a spreadsheet to each campus principal showing current staff positions funded with Title I and State Compensatory Education. The spreadsheet lists the funding source, name, KISD ID number, position control number, as well as estimated salary, benefits and substitute costs for the coming program year for all current staff. (See Staffing Spreadsheet) Principals review the spreadsheet in light of their total allocations for Title I. At this time, they can add or close positions, based on the needs of their campus and the amount of their allocations. The Coordinator for State and Federal Programs sends the completed spreadsheet to the Director for Auxiliary Personnel Services, the Coordinator for Professional Allocations and Compensation, and the Budget Analyst.

**Director for Auxiliary Personnel Services**
- Opens new positions in TEAMS and assigns a Position Control Number
- Closes positions in TEAMS as requested

**Coordinator for Professional Allocations and Compensation**
- Opens new positions in TEAMS and assigns a Position Control Number
- Closes positions in TEAMS as requested

**Budget Analyst**
- Assigns budget codes to position control numbers in TEAMS

**901.1 Gifted and Talented**

The Gifted and Talented program must adhere to state law, Texas Education Code (TEC) 29.121 and TEC 42.156. Chapter 29 addresses the program guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weights and allowable costs. Specifically, each school district shall identify students eligible for the GT program and serve the students in an appropriate manner to obtain state funds. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The staff member with oversight responsibility to certify the Gifted & Talented special program data prior to submission to TEA shall be the District Instructional Specialist for Advanced Academics.
901.2 Career and Technical Education (CTE)

The Career and Technical Education program must adhere to state law, Texas Education Code (TEC) 29.181 and TEC 42.154. Chapter 29 addresses the program guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weights and allowable costs.

Specifically, each school district shall identify students eligible for the CTE program and serve the students in an appropriate manner to obtain state funds. The PEIMS report shall serve as the official document to support that each student was enrolled in a CTE course. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The staff member with oversight responsibility to certify the CTE special program data prior to submission to TEA shall be the Chief CTE Officer.

901.3 Special Education

The Special Education program must adhere to state law, Texas Education Code (TEC) 29.003 and TEC 42.151. Chapter 29 addresses the program guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weights and allowable costs.

Specifically, each school district shall identify students eligible for the Special Education program and serve the students in an appropriate manner to obtain state funds. The student’s Individualized Education Plan (IEP) shall serve as the official document to support that each student is eligible for special education, the type of instructional arrangement, and the number of contact hours to be served in a special education setting. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The staff member with oversight responsibility to certify the Special Education program data prior to submission to TEA shall be the Executive Director for Special Education.

901.4 Compensatory Education (SCE)

The Compensatory Education program must adhere to state law, Texas Education Code (TEC) 29.081 and TEC 42152. Chapter 29 addresses the program guidelines related to eligibility, “at risk” identification, and program services. Chapter 42 addresses the funding formula and allowable costs. The SCE program is funded based on the highest six (6) months of free and reduced lunch eligibility students in the prior school year. The Director of School Nutrition shall provide the monthly counts of free and reduced lunch eligibility to the Director of Financial Reporting on a monthly basis for the purposes of estimating SCE funds in the next fiscal year.

Specifically, each school district shall identify students eligible for the Compensatory Education program and serve the students in an appropriate manner to obtain state funds. There are thirteen (13) at risk indicators in state law. The designated At-Risk Coordinator at each campus
shall be responsible for identification of all at risk students. The at-risk student enrollment shall be reported to TEA through the PEIMS Fall Submission.

The SCE program compliance is unlike the other special programs in that it requires specific documentation as outlined in the Financial Accounting System Resource Guide (FASRG) Module 9. The District Improvement Plan (DIP) and Campus Improvement Plans (CIP) are the primary source of documentation for the expenditure of SCE funds. According to TEA, annually within 150 days after the last day permissible to send data for the PEIMS data FINAL Midyear resubmission 2 (typically late July), the District shall electronically submit a PDF version of the DIP and at least two (2) CIPs through the TEASE system. The determination regarding which CIPs to submit to TEA shall be based on the TEA guidelines in the FASRG, Module 9.1.2 Summary of Filing Requirements. The District’s submission dates shall be as noted below to ensure compliance with this critical requirement.

- Campus principals shall have a complete, accurate CIP in the Plan4Learning website by second Thursday in June each year.
- Superintendent or designee shall have a complete, accurate DIP in the Plan4Learning website by second Thursday in June each year.
- The Coordinator for State and Federal Programs shall submit the DIP and CIPs through TEASE by the required date.

Financial guidelines related to supplement not supplant, targeted-assistance versus school-wide campus expenditures, staffing formulas, job descriptions, time and effort, student case counts, local identification criteria and allowable costs are described in Module 9 State Compensatory Education.

901.5 Bilingual and ESL
The Bilingual and ESL program must adhere to state law, Texas Education Code (TEC) 29.053 and TEC 42.153. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the Bilingual or ESL program and serve the students in an appropriate manner to obtain state funds. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the Bilingual and ESL special program data prior to submission to TEA shall be the District Bilingual/ELL Specialist.

901.6 High School Allotment
The use of the High School Allotment must adhere to state law, Texas Education Code (TEC) 39.234 and TEC 42.160. Chapter 39 addresses the programmatic guidelines related to program
services. Chapter 42 addresses the funding weight(s) and allowable costs. Funding amounts are based on $275 per student in average daily attendance in grades 9 through 12.

Districts may use funds for campus-level or district-wide initiatives for students in grades 6-12. Allowable uses include:

- professional development for teachers providing instruction in advanced academic courses such as Advanced Placement (AP)
- hiring of additional teachers to allow for smaller class sizes in critical content areas
- fees for students taking dual credit classes and ACT/SAT tests
- academic support, such as AVID and AP strategies, to support at-risk students in challenging courses
- credit recovery programs
- activities supporting college readiness and awareness, including transportation for college visits

Please see Commissioner's Rules Concerning High School Allotment for detailed allowable uses of these funds. The High School Allotment Guide is also an excellent resource and shall be made available to all campus principals as a guide during the budget development process.

The Assistant Superintendent for Curriculum and Instruction along with the Director for Secondary Curriculum and Professional Development have oversight responsibility of the High School Allotment program and shall determine the allocation per campus and provide guidance to each secondary campus regarding the use of HSA funds.
Federal Grants

Acronyms and definitions related to federal grant management are listed in the EDGAR, Subpart A, 200.1 through 200.99 and may be accessed at: http://www.ecfr.gov/cgi-bin/text-idx?SID=bce3e6e14adb00a7863cc39935f3e35e&node=sg2.1.200.a.sg0&rgn=div7

These acronyms and definitions are used throughout this manual. One of the most critical definitions is that of a “non-federal entity”. When this definition is used it refers to the “school district”, as a recipient of a federal grant award.

General Provisions:

The District shall comply with all General Provisions of EDGAR (Subpart B). Specific areas of compliance are noted below:

1. The District has established a conflict of interest policy for all federal grant awards and shall disclose in writing any potential conflict of interest to the granting agency. The same conflict of interest questionnaire that is used for other district functions shall be utilized for compliance with this provision. The Local Government Officer Conflicts Disclosure Statement shall be completed by all district staff involved in federal grant awards:
   - Superintendent, Finance Department, Human Resources, Grant Manager, Chief Financial Officer and the Purchasing Director. Conflicts of interest, if any are reported, shall be posted on the district’s website and reported to the granting agency. The Purchasing Director shall be responsible for overseeing and collecting the conflict of interest questionnaires.
2. The district shall comply with all additional conflict of interest requirements required by the federal granting agency and/or the pass-through entity (TEA).
3. The District shall disclose in writing to the granting agency and/or pass-through entities any violations of federal criminal law including fraud, bribery or gratuity violations affecting a federal grant award. Upon detection of any fraud, abuse or waste with federal grant funds, the District shall promptly notify the proper legal authorities and pursue appropriate criminal and/or civil actions. In addition, the district shall report to the granting agency and pass-through entity, the extent of the fraud or violations. In addition, the District shall reclassify fraudulent expenditures made with federal grant awards to local district funds, i.e. the General Fund. The Coordinator for, reporting and documenting any fraud, abuse or waste of federal grant funds.

All district employees are prohibited from receiving gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award.

In addition, all district employees are prohibited from accepting unsolicited gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award that exceed an nominal (individual) value of $25 and an aggregate value of $100 in a fiscal year. The unsolicited gifts or tokens may not include the following:

- Items prohibited at a public elementary and secondary schools such as drugs, tobacco or alcohol products
- Firearms or knives
District employees who violate this administrative directive shall be subject to disciplinary action, up to and including termination of employment with the district. Violations that exceed the federal Conflict of Interest thresholds shall be reported to the federal granting agency and/or pass-through entity by the Professional Standards Administrator.

**Pre-Federal Award Requirements:**

The federal awarding agency and pass-through entities are required to evaluate the risk of the District in respect to financial stability, quality of management system, history of performance (grants), audit reports and ability to effectively implement the grant program.

The District shall implement strategies as noted below to ensure that its risk level for federal grants management is determined to be “low”:

1. Timely submission of all required program and financial reports
2. Complying with the federal grant award fiscal guidelines and allowable cost principles
3. Ensuring that all grant-related staff are properly trained in their respective grants management role on at least an annual basis.
4. Implementing grant management procedures and internal controls

If the District is determined to be a “high risk” district, it shall comply with all of the additional requirements as imposed by the federal granting agency and/or pass-through entity. In addition, the District shall develop and implement strategies to correct the identified deficiencies in an effort to move to a “low risk” entity status.

No pre-award expenses shall be made by the District prior to the approval of the federal granting agency or pass-through entity. Non-authorized pre-award expenses, if any, shall be paid from local District funds.

**902.1 Grant Application Process**

The district may be eligible to apply for entitlement or competitive federal grant funds.

Federal entitlement grant funds include, but are not limited to, No Child Left Behind (NCLB), Individuals with Disabilities Education Act (IDEA), and Carl D. Perkins. The final entitlement awards for the district are posted on the TEA Grants Management webpage at: [http://tea.texas.gov/index4.aspx?id=5040](http://tea.texas.gov/index4.aspx?id=5040). The appropriate grant manager shall obtain the annual entitlement amounts and begin the grant development process with the appropriate stakeholders.

A list of competitive grants administered by the TEA are also posted on the TEA Grants Management webpage at: [http://tea.texas.gov/index2.aspx?id=2147487872](http://tea.texas.gov/index2.aspx?id=2147487872). The appropriate grant manager shall obtain the competitive grant information to determine whether the grant(s) is appropriate for the district. Some competitive grants may have matching-funds and/or in-kind payment requirements which may place a burden on the district’s available financial resources.
TEA’s Grant Opportunities webpage provides a wealth of information related to available grants such as:
[http://burleson.tea.state.tx.us/GrantOpportunities/forms/GrantProgramSearch.aspx]

- General and Fiscal Guidelines
- Program Guidelines
- Program-Specific Provisions and Assurances
- General Provisions and Assurances
- Debarment and Suspension Certification
- Lobbying Certification
- Sample Application
- Deadlines and Due Dates for: grant application, amendments and grant reporting.

All district staff involved in the management of federal grant awards shall be aware of these resources.

PERKINS

1) Grants Manager
2) C.N.A.
3) District CTE Administrators &/or SBDM
4) Grants Manager
5) Superintendent

IDEA

1) Grants Manager
2) Assistant Superintendent for Curriculum and Instruction
3) Coordinator for Budget Services
4) Grants manager

NCLB

The Coordinator for State and Federal Programs works with the Assistant Superintendent for Curriculum and Instructional to determine campus allocations for Title I as well as the amount and type of set asides. The Assistance Superintendent for Curriculum and Instruction and the Director for Elementary Curriculum and Professional Development collaborate as to how set asides for professional development should be spent based on the district’s needs assessment. Based on these meetings, the Coordinator for State and Federal Programs creates two proposals for these funds. The Assistant Superintendent for Curriculum and Instruction and the Coordinator for State and Federal Programs meet with the Superintendent, the Chief Financial Officer, the
Coordinator for Budgetary Services and the Budget Analyst to discuss these proposals. The Superintendent selects the proposal that best meets the needs of the district. The Coordinator for State and Federal Programs completes the NCLB application and submits it in TEAL.

The final approval of a grant application shall be the Superintendent or designee.

All Grants Managers shall work collaboratively with the Budgetary Services Department to ensure that all grant budget schedules are completed using the correct account code structure; the district’s purchasing, travel and other procedures; and are adequately documented if prior approval is required by the granting agency or pass-through entity (TEA).

The appropriate Grants Manager shall obtain pre-approval for the following activities which have been identified by the granting agency or pass-through entity (TEA);

- Student field trips
- Hosting conferences
- Out-of-state travel

Grants that require matching or in-kind district contributions shall be evaluated for overall impact on the current and future district’s local funds.

No federal grant funds shall be budgeted, encumbered, or spent until either of the following has occurred:

- grant has been approved by the granting agency and a Notice of Grant Award (NOGA) has been issued to the district; or
- the entitlement grant has been received by the district and the grant application has been submitted to TEA

[NOTE: TEA allows federal grant expenditures from the grant application “stamp-in date”; however, expenditures that require TEA’s specific approval and not approved until the NOGA is issued.]

The Budgetary Services Department shall notify each Grants Manager when the funds have been budgeted and are ready for expenditure by the appropriate campus or department.

902.2 General Provisions and Assurances

General Provisions and Assurances apply to all grants administered by TEA. Additional provisions and assurances may apply to specific grants. Each Grant Manager shall inform all staff involved in the expenditure of grant funds of the provisions and assurances for each grant program.

902.21 Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion

The district must not award a contract to a vendor which is debarred or suspended or is otherwise excluded from or ineligible for participation in federal grant award programs.
The Purchasing Department shall verify the eligibility of each vendor with this certification requirement by requesting that the vendor execute a Certification Form before awarding a contract and/or issuing a purchase order. A copy of the Certification Form shall be maintained with the contract and/or purchase order for audit purposes.

The Purchasing Department shall monitor ongoing contracts to verify the contractor’s compliance with the debarment, suspension, ineligibility and voluntary exclusion provisions. In the event that a vendor is suspended or debarred during a contract, the district shall continue the contract in force until the contract lapses. The contract term shall not include any extensions to the original term of the contract.

902.22 Lobbying Certification
For all federal grants in excess of $100,000, the district shall certify on the grant application that no federal grant funds are expended for the purpose of lobbying. The grants management and finance departments shall jointly execute a Lobbying Certification Form [Standard Form – LLL: Disclosure of Lobbying Activities], as applicable, if the district used funds other than federal grant funds for lobbying activities.

The Contract Specialist shall ensure that all contract award documents with federal grant funds contain the appropriate lobbying certification language.

902.3 Budgeting Grant Funds
The Budgetary Services Department shall budget grant funds in the appropriate fund code as authorized by Financial Accountability System Resource Guide, or the granting agency, as appropriate. In addition, the object expenditure codes noted on the grant application shall be consistent with the budgeted account codes.

Federal grant funds shall be budgeted and available for use no earlier than the receipt of the NOGA or from the stamp-in date. Federal grant funds are available to be spent directly by the Special Programs Department, Special Education Department, and Career & Technical Education Department once the Budget Analyst receives the communications from the Grant Managers, so that the correct codes and dollar amounts can be set up in TEAMS.

IDEA

Federal grant funds to meet student IEP goals are requested by staff and reviewed by grant manager prior to establishing accounts in TEAMS. All purchases must have a written justification, must be over and above the general allocations of the district and must be tied to a special education classroom or specific special education student.

PERKINS

Federal grant funds for campus spending are available once the campus has a completed Campus Improvement Plan and the CIP has been approved by the district level administrators. Teams read the CIPs to ensure that all strategies are aligned to the campus' comprehensive
needs assessment and to be certain that purposed expenditures are allowable, reasonable, and necessary to the grant program.

Career & Technical Education CIPs are read and approved by:

- KISD Career Center SBDM
- CTE Administrative Staff
- Assistant Superintendent Instructional Leadership

Once the CIP is approved, the Chief Officer for CTE sends an e-mail to the Budget Analyst letting them know the CIP has been approved. The Budget Analyst then ensures the correct budget codes are set up in the financial software, TEAMS. Once that is complete, the Budget Analyst emails the Chief Officer for CTE and the secretary.

Required budget amendments to the grant application shall be done through the appropriate granting entity by the appropriate grant manager.

**NCLB**

Federal grant funds for campus spending are available once the campus has a completed Campus Improvement Plan and the CIP has been approved by the district level CIP team. Teams read the CIPs to ensure that all strategies are aligned to the campus' comprehensive needs assessment and to be certain that purposed expenditures are allowable, reasonable, and necessary to the grant program.

Elementary CIPs are read and approved by:

- Coordinator for State and Federal Programs
- Director of Elementary Curriculum and Instruction
- Executive Director for Elementary Leadership
- Parent Program Specialist
- Bilingual/ESL District Specialist

Secondary CIPs are read and approved by:

- Coordinator for State and Federal Programs
- Director of Secondary Curriculum and Instruction
- Executive Director for Secondary Leadership
- Bilingual/ESL District Specialist

Once the CIP is approved, the Coordinator for State and Federal Programs sends an e-mail to the campus principal, the principal's secretary, the Executive Director for Leadership for that campus, and the Budget Analyst letting each know the CIP has been approved. The Budget Analyst then ensures the correct budget codes are set up in the financial software, TEAMS.
Once that is complete, the Budget Analyst emails the campus principal, the Executive Director for Leadership, and the Coordinator for State and Federal Programs. At that time, the campus may begin budget change requests (BCRs) to move their funds from the plug or holding account to the budget codes specified in their CIP.

Required budget amendments to the grant application shall be done through the appropriate granting entity by the appropriate grant manager.

The TEA Grants Division has developed guidance related to “When to Amend” grants administered by the TEA. The guidance document is posted on the TEA website at: http://tea.texas.gov/Finance_and_Grants/Administering_a_Grant.aspx.

The guidance document contains the following guidance:

1. Use Table 1 for federally funded grants and for grants funded from both federal and state sources.
2. Use Table 2 for state-funded grants. Refer to the “Select Grantees” column if the NOGA is for over $1 million.

In addition to TEA’s guidelines, federal regulations require that the district amend the grant application when we deviate from the original scope or grant objectives. Other amendments may be necessary when the district changes the designated Grant Manager, disengages from grant activities for more than three (3) months, or a 25% reduction in the time devoted by a grant manager.

The Grant Managers along with the Budget Analyst shall monitor the need for amendments throughout the grant period and at least one (1) month prior to the grant amendment deadline, if applicable. If an amendment is necessary for any of the reasons specified by the pass-through entity (TEA) or in federal regulations, the Grant Managers shall initiate the amendment process and collaborate with Budgetary Services Department prior to submission of the grant amendment. The approval process of a grant amendment shall be the same as the grant application process.

The Budget Analyst along with the Grant Managers share the responsibility for ensuring that the financial accounting system budget corresponds to the most recent grant NOGA.

902.4 Standards for Financial and Program Management
The District must comply with all requirements of federal grant awards including the provisions of the Federal Funding Accountability and Transparency Act (FFATA) and the Financial Assistance Use of Universal Identifier and Central Contractor Registration (CCR).

FFATA Reporting
The district shall report the following for all federal grant awards, as appropriate.

1. The following data about sub-awards greater than $25,000
   a. Name of entity receiving award [entity = district]
   b. Amount of award
   c. Funding agency
d. NAICS code for contracts / CFDA program number for grants

e. Program source

f. Award title descriptive of the purpose of the funding action

g. Location of the entity (including congressional district)

h. Place of performance (including congressional district)

i. Unique identifier of the entity and its parent; and

j. Total compensation and names of top five executives (same thresholds as for primes)

2. The Total Compensation and Names of the top five executives if:
   a. More than 80% of annual gross revenues from the federal government, and
   those revenues are greater than $25M annually and
   b. Compensation information is not already available through reporting to the SEC.

902.41 Financial Management

The District’s financial management system, Prologic TEAMS, shall be utilized to expend and track all federal grant expenditures. The financial management system shall be maintained in a manner that provides adequate internal controls over the data integrity, security and accuracy of the financial data.

The financial management system must contain information pertaining to all federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. All expenditures of federal grant funds shall be in accordance with the district’s written procedures such as cash management, accounts payable, purchasing, travel, allowable costs, capital asset tracking, contract management, and other procedures, as appropriate.

Records Retention

The financial management system shall be utilized to store, maintain, and report all required federal grant information. Consequently, the district shall ensure that access to the data is restricted to authorized individuals in accordance with the district’s Data Security and Access policies. In addition, the district shall retain all federal grant records for a period of five (5) years in accordance with the district’s Local Records Retention Plan. [Note: The district’s retention period exceeds the three (3) year retention period required in the EDGAR.] The Coordinator for Property Management shall be responsible to ensure that all records are retained, stored and accessible, as appropriate. KISD Administrative Procedure III-GGG and the Retention Control Schedule establish the maintenance standards to be followed.

List of Federal Grant Awards

A list of all federal grant awards shall be maintained to include all EDGAR required data (denoted with an *) and district-required information listed below: [List of all federal grant awards with the required identification information is included in the Exhibit Section]

- The CFDA title and number*,
- Federal award identification number and year*,
- Name of the Federal agency*, and
• Name of the pass-through entity*, if any.
• Grant manager for each grant
• Subgrants, if any
• TEA-assigned risk level for each grant, as appropriate

On at least a monthly basis, after the close of the prior fiscal year's external audit, the Budget Analyst will prepare a report showing the status of each federal grant fund. The review shall include a comparison of budget to expenditures.

902.42 Internal Controls
The district’s internal control procedures over financial management, developed in accordance with the Internal Control Integrated Framework (COSO), shall be made available to all staff involved in the management of federal grant funds. The internal control procedures shall be reviewed on at least an annual basis and updated as appropriate. If any weakness in an internal control is detected, the internal control procedures shall be revised to incorporate the weakness(es) at either the annual review or as the need arises dependent upon the severity (materiality) of the weakness.

A copy of the district’s Internal Control Procedures [hyperlink] are embedded with this manual and available from the business department. The Chief Financial Officer shall be responsible for the annual review and update of the Internal Control Procedures.

902.43 Bonds
If the granting agency requires that the district obtain bonding and/or insurance for a specific project, the district shall ensure that the bonds are obtained from a company that holds a certificate of authority as specific in 31 CFR Part 223, Surety Companies Doing Business with the United States. The Coordinator for Risk Management shall be responsible for obtaining insurance and/or bonding, as appropriate.

902.44 Payment
Payments to vendors shall be made promptly in accordance with federal regulations and state law. Specifically, in accordance with the Texas Prompt Payment Act, the district shall pay all invoices within 30 days of receipt of the goods/services and the invoice, whichever is later.

In the event that the district receives an advance payment from a federal granting agency, the district shall ensure that it expends the advanced funds in a timely manner. Excess funds may earn interest, which may require return to the federal granting agency if the interest meets the federal threshold.

The district has determined that it will not accept advanced payments for federal grant funds.

The district shall seek reimbursement for federal grant expenditures, rather than using an advanced payment method. Consequently, the district shall prepare and submit a “draw-down” of federal grant funds only after the payments have been made and distributed to the vendor via mail, e-payables or other delivery method. The draw-down of expended funds shall be net of all rebates, refunds, contract settlements, audit recoveries and interest earned, as
appropriate. The Budget Analyst shall be responsible for preparing the draw-down of federal grant funds. All draw-downs shall be recorded on the general ledger as a receivable when the draw-down process is complete and posted to the cash account upon receipt of the receivable.

**902.45 Cost sharing or matching funds**
The Grant Manager for each federal grant award shall ensure that requirements for cost sharing and/or matching funds are approved through the grant approval process prior to the submission of the grant. At a minimum, the Chief Financial Officer and the appropriate Deputy Superintendent, Assistant Superintendent, or Superintendent must approve the commitment of all cost sharing and matching grant funds.

If cost sharing or matching funds are required as part of a federal grant award, the required direct or in-kind expenditures should be recorded and tracked on the general ledger. If matching grant funds are required in the General Fund (Fund 199), the district shall utilize a sub-object and/or local code to separately track the expenditures for reporting and compliance purposes.

All staff paid with cost sharing and matching funds, shall be subject to the Time and Effort Documentation requirements.

Cost sharing and matching funds that are as a result of donated services or supplies, shall be recorded and tracked in accordance with the federal regulations (CFR 200.306).

**902.46 Program Income**
The district has elected to generate program income, as allowable by the granting agency, in the form of credit card rebates. This will be the only income generated by NCLB funds. Neither Perkins nor IDEA funds will generate program income. Federal regulations (CFR 200.307) allow the district to generate program income to offset federal grant award costs. Income earned, if any, must be expended in accordance with the grant requirements.

If program income activities are approved, the Grant Manager over the activities shall ensure that the costs of generating the program income are not federal grant funds, are nominal in cost, are offset from the program income and meet all of the federal requirements.

**902.47 Period of Performance (Obligations)**
All allowable grant expenditures shall be incurred during the grant period, i.e. begin date and end date of the federal grant award as designated on the Notice of Grant Award (NOGA). The Budget Analyst shall notify appropriate departments of the grant periods for each federal grant award to ensure compliance as noted below:

- No employee shall be hired and paid from federal grant funds except during the federal grant period
- No purchase obligation shall be made from federal grant funds except during the federal grant period
- No payroll or non-payroll expenditures shall be made from federal grant funds except during the federal grant period.
All obligations with federal grant funds must occur during the grant period. Obligations that occur before or after the grant period are not allowable costs. The obligations must be liquidated in accordance with the grant deadlines, especially as they relate to the final draw-down of federal grant funds. Guidance regarding the obligation of federal grants funds can be found in TEA’s General and Fiscal Guidelines.

The Grant Managers shall monitor the expenditures during the grant period to ensure that the funds are spent in a systematic and timely manner to accomplish the grant purpose and activities.

NCLB

Spending deadlines are set each year. The goal is for the majority of funds to be expended prior to mid-February of each grant year. See Spending Deadlines in Exhibits Section.

IDEA

Spending deadlines are set each year. The goal is for the majority of grant funds to be spent prior to mid-April of each grant year. Unused funds are carried over into the next year’s grant.

PERKINS

Spending deadlines are set each year. The goal is for the majority of funds to be expended prior to mid-March of each grant year.

902.5 Procurement Standards/Expenditure of Grant Funds

Expenditures of grant funds shall be through the purchasing, finance or payroll department processes in place for non-grant funds, but shall have additional requirements as noted below to ensure full compliance with federal cost principles.

902.51 General Procurement Standards

The district shall comply with the general procurement requirement of the EDGAR (2 CFR 200). The district shall utilize a purchase order and encumbrance system to manage the expenditure of all federal grant funds unless other methods such as credit cards, petty cash, direct payments, etc. are authorized in the district’s operating procedures. All purchases shall be in accordance with the district’s School Board Policies (CH Legal and Local) and the district’s Purchasing Procedures, https://www.killeenisd.org/departmentDocs/c740/documents/PurchasingProcedures.pdf. The district purchasing procedures shall comply with all federal, state and local procurement requirements.

The Purchasing Department shall be responsible for ensuring compliance with all federal, state and local procurement requirements and for ensuring that the district maintains an up-to-date procurement history to include, but not limited to, the information below:

- List of all procurements by type
- Advertisement date(s) of the procurement
• Release date of the procurement specifications
• Selection criteria for vendors
• Opening date of the procurement
• List of vendors submitting a proposal/bid
• Selection of Vendor
• Date of contract award
• Begin date of contract
• End date of contract

The procurement history records and other procurement records shall be retained in accordance with the federal, state and/or local retention periods, whichever is greater. The procurement records shall be made available to the federal granting agency, pass-through entity (TEA), and auditors, as appropriate.

Purchasing Efficiency Strategies

All purchases with federal grant purchases shall be in accordance with the federal regulations, specifically CFR 200.318. All purchases shall be purchased from a variety of qualified vendors with the ability to perform successfully under the terms and conditions of a proposed procurement. The district shall strive to avoid acquisition of unnecessary or duplicative items. The district shall implement the following strategies to maximize federal grant funds:

• Consolidation of purchases to obtain volume pricing, as appropriate
• Evaluate the cost efficiencies of leases versus purchases of equipment
• Utilize cooperative purchasing agreements, as appropriate, to obtain volume pricing
• Utilize federal or state excess/surplus property supplies or equipment in lieu of purchasing new supplies or equipment, as appropriate
• Utilizing value-engineering in construction projects to seek cost reductions
• Develop vendor selection criteria to select the best vendor
• Develop a tracking system of all informal and formal procurements
• Avoid “time and materials” contracts if other alternatives exist
• Monitor vendor performance to ensure that the vendor provides the services and/or goods, as appropriate
• Ensure that all contract and vendor disputes are resolved in the most advantageous manner
• Minimize the risk of jurisdictional issues by ensuring that all contracts would be litigated in a court within the county, city and/or state, as appropriate
• Other strategies_______________________

The district shall complete an audit of the procurement system on at least an annual basis to certify that the procurement system is efficient and effective. The Finance Department shall oversee the completion of the self-certification. The results of the certification shall be distributed
to all grant management staff. If deficiencies are noted, the Purchasing Director shall develop a Corrective Action Plan to remedy the deficiencies, as appropriate.

Conflict of Interest

The Superintendent shall execute an Organizational Conflict of Interest document to disclose if any conflicts exist in the application, receipt of, or expenditure of federal grant funds.

The Grant Manager, Finance Director, and Purchasing Director shall each execute a Conflict of Interest Form to disclose a conflict of interest, as appropriate, related to the awarding of a contract or substantial expenditures with federal grant funds. Substantial expenditures shall be defined as a purchase in excess of $1,000. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. In addition, no employee, officer or agent of the district may neither solicit nor accept gratuities, favors or anything of monetary value from contractors or parties to subcontractors. All employees shall comply with the Educators’ Code of Ethics (DH Exhibit). Violators of the Code of Ethics shall be subject to disciplinary action, including but not limited to, termination of employment with the district.

902.52 Vendor Competition

The purchasing department shall be responsible for selecting and awarding contracts to vendors that are qualified to provide the goods and/or services to be purchased with federal grant funds. The vendor selection process shall ensure that the district does not restrict competition among qualified vendors.

Vendor Selection Criteria

The district has selected vendor qualification criteria that includes, but is not limited to, the following:

- Past experience with the district
- Cost of goods and services, including future costs of maintenance
- Quality of the vendor’s goods or services
- The extent to which the goods or services meet the District’s needs.
- Small, minority, woman-owned, or labor surplus area firms
- Any other relevant factor specifically listed in request for bids or proposals.

The district shall not restrict vendor competition by requiring any of the following as selection criteria:

- Unreasonable requirements, such as excessive experience or bonding, geographic preferences that would unduly restrict competition among qualified vendors
- Arbitrary restrictions that are not essential to the bid/proposal specifications
- Other _______________________________________________________________
A vendor database shall be maintained by the finance department, Purchasing. The district’s Adding/Renewing Vendors Procedures shall be adhered to for all purchases. Vendor selection shall include the following criteria:

- Has not been debarred or suspended from contracting under federal grants
- Registration in the KISD e-bid system.

All vendors shall complete the appropriate vendor forms as required by federal or state regulations and the district. The district requires that every vendor have the following documents on file:

- Vendor application file (new vendors)
- Form W-9
- Conflict of Interest Questionnaire
- Felony Conviction Notice
- Fingerprinting (If working directly with students)
- Complete and SB 9 process

The district shall develop written bid/proposal specifications that are provided to every qualified vendor to ensure consistency in the procurement process. At no time shall the district allow a specific vendor to develop the bid/proposal specifications as this may provide a barrier to open competition among the qualified vendors. The bid/proposal documents must include guidance to vendors regarding the following:

- Time, date and place of bid/proposal opening
- Anticipated award date, as applicable
- Written specifications and addendums, as appropriate
- List of all bid/proposal required documents such as CIQ, Felony Conviction Notice, etc.
- Bid/Proposal Sheet
- Bid/Proposal evaluation criteria, including the weights, as applicable
- Other documents_____________________________________________________

The Purchasing Department shall oversee all bid/proposal documents before release to the vendor to ensure the documents comply with the federal requirements.

902.53 Procurement Methods

The district shall use one of the procurement methods allowed by federal regulations to procure goods and services with federal grant funds. In addition, the district shall comply with state purchasing laws and local Board Policy, CH Legal and Local.

The procurement method shall be determined based on the type of goods or services to be purchased with federal grant funds. The Purchasing Department shall be responsible for selecting the appropriate procurement method for each procurement.

Micro-Purchase Procedures
The** Procurement by Micro-purchase** may be most frequently used method due to the frequent purchase of goods or services that are less than $3,000, as defined in CFR 200.67. The district shall purchase goods and services under this method from among qualified vendors, but will not competitively procure the micro-purchases, unless in the aggregate in a 12-month period (fiscal year), the district exceeds the state law thresholds, or the district’s threshold in Board Policy CH Legal or Local. The __________ department shall distribute micro-purchases equitably among qualified vendors.

**Small Purchase Procedures**

The **Procurement by Small Purchase Procedures** shall be used by the district when the purchase of goods or services do not exceed $150,000, the Simplified Acquisition Threshold (CFR 200.88). The purchasing department shall require written, emailed or faxed quotations from at least three (3) qualified vendors for all small purchases, i.e., purchases that do not exceed $50,000. The district shall strive to obtain small purchases from qualified vendors under a Cooperative Purchasing Program. The district is currently participating in the following cooperative purchasing programs:

- TASB Buy Board
- TCPN
- ESC 12
- ECS 10
- ESC 20
- Choice Partners
- CTPA
- DIR
- HCDE
- PACE
- TIPS/TAPS
- TXMAS
- US Communities
- State of Texas Coop Purchasing Program
- NJPA

**Sealed Bid Procedures**

The **Procurement by Sealed Bids** method shall be used by the district when the purchase of goods or services exceed $50,000 if the acquisition of the goods or services lends itself to a fixed price contract and the selection of the successful bidder can be made principally on the basis of price. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- Bids must be solicited from an adequate number of bidders, but no less than two (2) bidders if possible.
- Bids must be publicly advertised and bidders shall be provided an adequate amount of time to prepare and submit their bid.
The district shall publicly advertise all bids in accordance with state law, i.e. at least two (2) times in two separate weeks
- The district shall provide no less than ten (10) days for bidders to prepare and submit their bids

- Bids must contain detailed specifications to ensure that bidders have a clear understanding of the goods or services that the district is seeking to purchase
- Bids must specify the time, date and district location where bids will be opened publicly
- Bids must be awarded based on a fixed price contract to the lowest responsive and responsible bidder. The district shall consider discounts, transportation costs and life cycle costs only if these factors were included in the bid specifications. The district will/will not consider payment discounts because the district does/does not routinely take advantage of payment discounts.
- Bids will be evaluated, ranked and a recommendation for award made to the School Board at a regularly scheduled board meeting.
  - If no bidder is recommended, the district shall reject all bids and evaluate whether to modify the bid specifications to initiate a new bid process
- The district shall notify the successful bidder and process the contract documents and/or purchase orders, as appropriate
- The district shall notify all of the unsuccessful bidders to ensure that qualified bidders are encouraged to submit bids during future bid opportunities

**Competitive Proposal Procedures**

The **Procurement by Competitive Proposal** method shall be used by the district when the acquisition of the goods or services exceeds $50,000 and does not lend itself to a fixed price contract. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- Requests for Proposals (RPF) must be publicly advertised
- The RFP shall identify the evaluation factors and their weight in awarding the proposal
- Proposals shall be solicited from an adequate number of bidders, but no less than two (2) qualified vendors
- Proposals shall be evaluated, ranked and a recommendation for award made to the School Board at a regularly scheduled board meeting
  - The district shall develop an instrument to evaluate each proposal and rank the proposals based on the evaluation scores
  - The district shall evaluate each proposal by committee or no less than two (2) district staff with knowledge of the RFP specifications
  - In accordance with state law, the vendor who is ranked highest as providing the "proposal most advantageous to the district" shall be notified of the potential award
    - The district may negotiate with the vendor only as it relates to potential cost savings
If the district and vendor ceases to negotiate, the district shall notify the vendor in writing before starting to negotiate with the 2nd highest ranked vendor.

Noncompetitive Proposal Procedures

The **Procurement by Noncompetitive Proposal** method shall be used by the district when the purchase of goods or services is from a “sole source vendor”. A sole source vendor is defined as a vendor that meets the following requirements:

- The goods or services are only available from a single source
  - The district shall acquire and maintain a copy of a vendor’s sole source letter which specifies the statutory or other reason for its sole source status
- A public exigency or emergency will not permit a delay resulting from the competitive solicitation process
  - The district shall declare a public exigency or emergency prior to making such as purchase of goods or services under this method
- The granting agency or pass-through entity authorized the use of a non-competitive proposal method
  - The district shall obtain written approval/authorization from the granting agency or pass-through entity.
- After solicitation of a number of sources, competition is determined to be inadequate
  - The district shall determine that competition is inadequate if after two (2) solicitations of bids and/or proposal, only one vendor is responsive to the solicitations

Other Procurement Guidelines

Regardless of the procurement method, the district shall encourage small, minority, woman-owned and labor surplus area firms to compete with other qualified vendors by implementing strategies to encourage their participation.

The district shall comply with the federal regulations related to the procurement of recovered materials (CFR 200.322) and the Solid Waste Disposal Act.

For all purchases that exceed the Simplified Acquisition Threshold of $150,000, the district shall perform a cost or price analysis with every procurement. Secondly, all purchases that exceed this threshold shall comply with federal bonding requirements such as:

- Bid guarantee from each bidder of five percent (5%) of the contract price
- Performance bond on the part of the contractor for 100% of the contract price
- Payment bond on the part of the contractor for 100% of the contract price.

The Purchasing Department shall be responsible to ensure that all purchases above this threshold are guaranteed with the appropriate bid guarantee, performance bond and payment bond.
All contracts for services and/or goods purchased with federal grant funds shall be subjected to the same review and approval process as all other district contracts. The Contract Procedures and Checklist are applicable to all federally funded contracts.

The district shall retain all records related to the procurement of goods and services in accordance with federal, state and local requirements. In addition, all procurement records shall be available for inspection and/or audit during the life of the records. The district shall maintain all procurement records for five (5) years in accordance with the district’s Local Records Retention Schedule.

902.6 Property Standards
The district shall safeguard all property (assets and inventory) purchased with federal grant funds under the same guidelines as property purchased with local funds. Additional insurance for property purchased with federal grant funds shall be acquired if specifically required by a federal grant award. The Risk Management Officer shall oversee the acquisition of insurance for all federally funded property.

Real Property
The district has not and will not use federal grant funds to purchase real property. The Chief Financial Officer shall be responsible for completing a granting agency or pass-through entity (TEA) survey of federally-funded real property.

Equipment and Supplies
The district shall use federal grant funds to purchase equipment and supplies. The district shall not use federal grant funds to purchase intangible property. [Note. This is an option, subject to the CFR 200.315.] The federally-funded equipment shall be used only for the authorized purposes and shall be disposed of, at the end of the useful life or end of the grant period, in accordance with the grant award guidelines. The district shall not use the federally-funded equipment to generate program income. The federally-funded supplies shall be used only for the authorized purposes. Any residual (unused) supplies, in excess of $5,000 in total aggregate value, at the end of the grant program or project may be used for any other federal grant program. Otherwise, the supplies shall be retained by the district or sold, but must reimburse the granting agency for the district use or sell of the supplies. The district shall implement purchasing deadlines for the purchase of federally-funded supplies to ensure that residual supplies are not available at the end of the grant period or project.

Capitalization Policy and Definitions
The district shall utilize the same capitalization policy for non-grant and grant-funded asset purchases. The district’s capitalization threshold for assets is $5,000 per unit cost. The district has adopted the EDGAR (CFR 200.12) definitions of property as noted below:

- **Capital assets** means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. (CFR 200.12).
- **Equipment** means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or
exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000. (CFR 200.33)

- **Computing devices** means machines used to acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. (CFR 200.20)
- **General purpose equipment** means equipment which is not limited to research, medical, scientific or other technical activities.
  - Examples include office equipment and furnishings, modular offices, telephone networks, information technology equipment and systems, air conditioning equipment, reproduction and printing equipment, and motor vehicles.
- **Information technology systems** means computing devices, ancillary equipment, software, firmware, and similar procedures, services (including support services), and related resources. (CFR 200.58)
- **Special purpose equipment** means equipment which is used only for research, medical, scientific, or other technical activities.
  - Examples of special purpose equipment include microscopes, x-ray machines, surgical instruments, and spectrometers.
- **Supplies** means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or $5,000, regardless of the length of its useful life. (CFR 200.94)

**Acquisition Cost**

The district has also adopted the EDGAR definition of Acquisition cost as noted below:

- **Acquisition cost** means the cost of the asset including the cost to ready the asset for its intended use. Acquisition cost for equipment, for example, means the net invoice price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Acquisition costs for software includes those development costs capitalized in accordance with generally accepted accounting principles (GAAP). Ancillary charges, such as taxes, duty, protective in transit insurance, freight, and installation may be included in or excluded from the acquisition cost in accordance with the non-Federal entity's regular accounting practices. (CFR 200.2)

The district shall utilize the invoice cost, and all related costs, to record the cost of the equipment on the fixed asset database.

The district has also defined “controlled items” as items with a unit cost between $1,000 and $4,999. These items shall have a tag affixed to the item for inventory tracking and insurance purposes only. Controlled items shall include computing devices within these costs. The district shall track these items for insurance purposes and shall conduct an annual inventory of these items to the extent possible.
The district has also defined technology-related “pilferable” or “personal use” items with a unit cost less than $1,000 as the following (these items shall be tracked by the Property Management Department. 

- iPads
- Kindle/Nook
- Computers with a cost under $1,000
- Digital camera/camcorders
- Tablets

902.61 Identifying and Tracking Federally-Funded Assets

Title to federally funded equipment and supply purchases shall be retained by the district, unless otherwise notified by the granting agency. As district property, the district shall affix a KISD barcode and dispose of all assets (non-grant and grant-funded) according to the district’s fixed asset procedures. [Fixed Asset Procedures in Exhibit Section] The district procedures shall include the recording of all assets on a database with the following information:

1) KISD Bar Code Label
2) Date of acquisition
3) Description of asset
4) Serial number, or other identifying number
5) Funding source, i.e. fund code
6) Federal use of asset (percentage)
7) Cost of asset (acquisition cost)
8) Use and condition of the asset (New, Used, etc.)
9) Life of asset
10) Location of asset (building and room number)
11) Depreciation of asset
12) Owner of asset title, typically the district campus or department

Maintaining Asset Inventory & Records

All federally-funded assets shall be maintained in an operable state. If repairs are necessary, the district may pay for the repairs of the federally-funded assets with federal grant funds, unless expressly restricted by the granting agency.

The district fixed asset procedures shall include an annual inventory (or more frequently if required by a granting agency) of all assets and reconciliation of the inventory reports. [Note: Federal requirements CFR 200.313 requires an inventory at least once every 2 years.] The district’s annual inventory of assets shall be conducted prior to the annual Christmas break each fiscal year. Lost, damaged, or stolen assets shall be recorded on the fixed assets database with the date of the loss. The disposition records such as the loss report (police report for thefts) shall be maintained at the Property Management Department in the campus/department assets inventory file.

In addition, the district shall track all grant-funded assets purchases by grant, or fund code, as appropriate. The disposal of grant-funded assets shall be in accordance with federal guidelines.
and grant-specific guidelines, if any. At a minimum, the disposition date, reason and sale price of all federally-funded assets shall be recorded in the fixed assets database. DO WE DO THIS IN KISD?

During the life of the asset, the district shall ensure that all assets purchased with federal grant funds are insured against loss. The costs to insure and maintain or repair assets purchased with federal grant funds are generally allowable costs, unless specifically prohibited by a granting agency.

The Coordinator for Property Management shall be responsible for maintaining the fixed asset database of all district assets, including all federally-funded assets.

902.7 Cost Principles
All grant expenditures must be allowable under the Federal Cost Principles (2 CFR 200 – Subpart E), the grant application program assurances, the granting agency’s policies, and the district’s policies and procedures.

The district shall adhere to the Cost Principles for federal grants [EDGAR SUBPART E] and any additional grant-specific cost principles. The general principles of EDGAR state that:

- Costs must be reasonable and necessary
  - A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
  - Necessary is defined as costs needed to carry out the grant activities
- Be allocable to federal awards
- Be authorized or not prohibited under State or local laws or regulations.
- Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
- Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
- Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- Except as otherwise provided for in EDGAR, be determined in accordance with generally accepted accounting principles.
- Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
- Be the net of all applicable credits.
- Be adequately documented.

The district shall utilize the Allowability/Allocability of Costs Worksheet to verify that all proposed obligations and expenditures meet the Cost Principles. If the Worksheet reflects that the proposed obligation and/or expenditure is not allowable and/or allocable to a federal grant award, the district shall not make the obligation/purchase with the federal grant funds. Other funds, such as local funds, may be used to make the obligation/expenditure, as appropriate.
The total cost of a federal award is the sum of allowable direct and allocable indirect costs less any applicable credits. All refunds, rebates, discounts or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. The district shall ensure that all known credits have been posted to the general ledger prior to the drawdown on federal grant reimbursements. [Note. It is essential to post all credits to the general ledger on a timely basis to ensure that the district does not draw-down grant expenditures in excess of actual expenditures net of all credits. Otherwise, the district may be considered to have drawn-down funds under an advanced cash method.] The Budget Analyst shall ensure that all applicable credits have been posted to the general ledger prior to preparing and submitting a federal grant draw-down request from the granting or pass-through entity.

A cost allocation plan or an indirect (F&A) cost rate, whether submitted to a Federal cognizant agency for indirect costs or maintained on file by the district, must be certified by the district using the Certificate of Cost Allocation Plan or Certificate of Indirect Costs as set forth in Appendices III through VII, and Appendix IX. The certificate must be signed on behalf of the district by the Superintendent or Chief Financial Officer.

All district costs with federal grant funds, whether direct or indirect, shall meet the minimum requirements of allowability as specified in the 2 CFR 200.403. In addition, the costs must meet the general provisions for selected items of cost (2 CFR 200.420). Specific items not listed within these procedures shall be evaluated by the Grant Manager and Finance Department on case-by-case basis for allowability. The general cost allowability rules for specific items of cost listed within these procedures shall apply to all federal grant funds, unless more restrictive allowability rules are required by a particular federal grant award. The district shall adhere to the more restrictive allowability rules when a conflict arises between the general allowability rules, the program-specific allowability rules and the district’s allowability rules.

In addition to the required use of funds, LEAs may use Perkins funds to do the following:

1. Involve parents, businesses, and labor organizations as appropriate in the design, implementation, and evaluation of CTE programs, including establishing effective programs and procedures to enable informed and effective participation in CTE programs.

2. Provide career guidance and academic counseling for students participating in CTE programs that do the following:
   a. Improve graduation rates and provide information on postsecondary career options—including baccalaureate degree programs—for secondary students, which may include the use of graduation and career plans.
   b. Provide assistance for postsecondary students, including adult students who are changing careers or updating skills.

3. Provide support for local education and business partnerships, including for the following:
   a. Work-related experiences for students, such as internships, work-based learning, school-based enterprises, entrepreneurship, and job shadowing that are related to CTE programs
   b. Adjunct faculty arrangements for qualified industry professionals
Industry experience for teachers and faculty

4. Provide programs for special populations.

5. Assist career and technical student organizations (CTSOs).

6. Provide mentoring and support services.

7. Lease, purchase, upgrade, or adapt equipment, including instructional aids and publications (including support for library resources) designed to strengthen and support academic and technical skill achievement.

8. Provide teacher preparation programs that address the integration of academic and CTE and that assist individuals who are interested in becoming CTE teachers and faculty, including individuals with experience in business and industry.

9. Develop or expand postsecondary program offerings at times and in formats, including through the use of distance education, that are accessible for students, including working students.

10. Develop initiatives that facilitate the transition of CTE students into postsecondary education technical programs, including the following:
   
   a. Articulation agreements
   
   b. Dual and concurrent enrollment programs
   
   c. Academic and financial aid counseling for CTE students
   
   d. Other initiatives as follows:
      
      i. To encourage postsecondary education
      
      ii. To overcome barriers to enrollment, including geographic and other barriers affecting rural students and special populations

11. Provide activities to support entrepreneurship education and training.

12. Improve or develop new CTE courses, including new proposed CTE innovative courses and programs of study for consideration by TEA; courses that prepare individuals academically and technically for high-skill, high-wage, or high-demand occupations; and dual and concurrent enrollment opportunities by which CTE students at the secondary level could obtain postsecondary credit to count towards an associate or baccalaureate degree.

13. Develop and support small, personalized career-themed learning communities.

14. Provide support for family and consumer sciences programs.
15. Provide CTE programs for adults and school dropouts to complete their secondary school education or upgrade their technical skills.

16. Provide assistance to individuals who have participated in CTE programs in continuing their education or training or finding an appropriate job, such as through referral.

17. Support training and activities (such as mentoring and outreach) in nontraditional fields.

18. Provide support for training programs in automotive technologies.

19. Pool a portion of such funds with a portion of funds available to not less than one other eligible recipient for innovative initiatives, which may include the following:
   a. Improving the initial preparation and professional development of CTE teachers, faculty, administrators, and counselors
   b. Establishing, enhancing, or supporting systems for the following:
      i. Accountability data collection for Perkins
      ii. Reporting data required by Perkins
   c. Implement career and technical programs of study and Career Clusters.
   d. Implement technical assessments.

20. Support other CTE activities that are consistent with the purpose of the Carl D. Perkins Act.

Selected Items of Costs

District costs generally fall under two major categories: 1) compensation/benefits; and 2) non-compensation (supplies, services, travel or equipment). The district has elected to use federal grant funds for both compensation/benefits and non-compensation expenditures.

902.71 Compensation & Benefits – Employee (Payroll Expenditures)

Compensation and benefits (payroll expenditures) are allowable costs for personnel services rendered by district employees during the period of performance under the federal grants.

Compensation Costs

All payroll expenditures shall be paid in accordance with the federal cost principles. First and foremost, the payroll expenditures must be authorized on the grant application and the duties assigned must be directly related to grant activities. In addition, compensation costs shall be allowable if:

- The costs are reasonable for the services rendered and conforms to the established district compensation and benefit plans for expenditures with all other funds, i.e. local funds,
• The employees have been employed in accordance with the district’s established Hiring Procedures.
• The costs are supported by the appropriate timekeeping, absence tracking, time & effort certifications or other documentation, as appropriate,
• Federally-funded employees shall report any outside employment or professional services rendered to other entities that may create a potential conflict of interest. The external employment and/or professional services shall not conflict with the federally-funded activities with the district,
• Incentive compensation, such as stipends, awards, attendance incentive, etc. in accordance with the district’s written plans for each of these incentives,
• Stipend compensation is not related to additional duties (i.e., longevity and degree stipends) but rather associated with seniority and education of the employee regardless of the position held or position funding,
• for other non-federal grant award duties shall be supported by a Supplemental Duties Job Description. The additional duties shall not conflict with the federally-funded activities with the district,

Benefit Costs

District costs for fringe benefits for federally-funded staff shall be allowable as noted below:

- All benefit costs shall be in accordance with the district’s written Summary of Employee Benefits
- All leave benefits shall be in accordance with the district’s written Leaves and Absences Policy (DEC Local)
- The benefit costs shall be distributed equitably at the same allocation rate (percentage) as the base compensation
- The benefit costs were earned and paid during the grant period
- All benefit costs shall be allowable under the Internal Revenue Service, Fringe Benefits Guide (as subjected to taxes, as required by federal statute)

The district shall not charge any benefit costs to a federally-funded grant if the benefit costs are not in accordance with district’s written Summary of Employee Benefits, School Board Policy, or other written benefit plan(s). The district has established the following as non-allowable benefit costs:

- Severance or settlement agreement payouts to current and/or previous federally-funded grant staff
- Optional pension plans (other than the mandatory Teacher Retirement System of Texas contributions)
- Travel Stipends

Documentation of Compensation and Benefit Costs

In addition, to the time and effort reporting requirements, the district shall support all compensation and benefit costs paid with federal grant funds by the following documentation:
• Exempt staff
  o Employment agreement or contract, as appropriate
  o Job description signed by the employee with language similar to: Funded by Title I, Part A with the primary purpose of supporting grant activities aimed at improving academic achievement for students struggling to meet state standards.
  o Supplemental duties, if any, shall be supported by a Supplemental Duties Job Description/Pay Notice (NOTE: we would like to remove if possible as we do not have job descriptions for additional duties)

SORRY, NOT POSSIBLE. EDGAR REQUIRES THIS. WE WILL HAVE TO WRITE THESE. PLEASE TELL ME WHO POSTED THIS SO THAT WE CAN TALK. THANKS pb

  o Absence records, if any
  o Time and Effort documentation, as appropriate (Semi-Annual Certification, Periodic Time and Effort, or the Substitute System for Time and Effort

• Non-Exempt staff
  o Reasonable assurance, as appropriate
  o Job description signed by the employee with language similar to: Funded by Title I, Part A with the primary purpose of supporting grant activities aimed at improving academic achievement for students struggling to meet state standards.
  o Absence records, if any
  o Time and Effort documentation, as appropriate (Semi-Annual Certification, Periodic Time and Effort, or the Substitute System for Time and Effort
  o Timekeeping records (actual work hours per workweek) in accordance with the FLSA and the district’s Timekeeping Procedures.

[Note. The Grant Manager shall ensure that the Role ID and object codes reflected on the grant application (Payroll Summary) are consistent with the HR, payroll, finance and PEIMS records.]

902.72 Selection of Grant-Funded Staff

The Grant Managers shall work collaboratively with the appropriate stakeholders (campuses and departments) to identify all staff needed to accomplish the grant activities. The Grant Managers shall work collaboratively with the Human Resources Department to obtain estimated salaries for proposed grant-funded staff prior to the completion of the grant application.

The process of approving payroll expenditures from grant funds shall be a collaborative process between the campus or department, Human Resources, Grant Manager, Budgetary Services, Accounting and Payroll departments. Each campus and/or department plays an essential role in ensuring that all federal grant requirements are met.

The School Board approved Teacher Placement Schedule, Pay Ranges Schedule, Stipend and Additional Pay and the Supplemental Pay procedures shall be used to compensate all district staff whether paid from local, state or federal grant funds. In addition, the district shall provide the same employer-provided benefits for all district staff whether paid from local, state or federal grant funds.
The compensation for grant-funded staff shall be allocated to the respective grant program fund based on the single and/or multiple cost objectives performed by the grant-funded staff. If a grant-funded staff member performs non-grant activities during the day or beyond the normal work day, the compensation for the non-grant activities shall be paid from non-grant funds. Grant-funded staff with more than one cost objective, shall comply with the Time and Effort documentation requirements. Incentive payments, such as longevity pay and advanced degrees for grant-funded staff shall be allowable with federal grant funds if they are based on the same criteria as non-federal grant funded staff.

New Positions

Template: New grant-funded positions shall be created only when a job description has been developed and approved by the Human Resources Department. The Grant Managers shall ensure that the position is approved on the grant application and that adequate funds exist to fill the position. The Coordinator for Professional Allocations and Compensation shall be notified of new professional positions while the Director for Auxiliary Personnel shall be notified of new auxiliary positions. They will create the positions in TEAMS and assign a position control number. The Budget Analyst shall be notified to ensure that the position is budgeted on the general ledger and the position is paid using the correct payroll account distribution codes.

IDEA New Positions

New grant funded positions shall be created only when needed and are over and above positions funded for all KISD students. The positions shall be approved by the Personnel Department and/or Auxiliary. The Grant Manager shall ensure that the position is approved on the grant application and that adequate funds exist to fill the position.

NCLB New Positions

New grant-funded positions shall be created only when it is needed and relative to the grant. The positions shall be approved by the Personnel Department and/or Auxiliary. The Grant Manager shall ensure that the position is approved on the grant application and that adequate funds exist to fill the position.

PERKINS New Positions

New grant-funded positions shall be created only when it is needed and relative to the grant. The positions shall be approved by the Personnel Department and/or Auxiliary. The Grant Manager shall ensure that the position is approved on the grant application and that adequate funds exist to fill the position.

New Hires

New staff hired for work in positions that are wholly or partially funded with federal grant funds, shall be hired when a position and funding are both available. Upon separation of an employee, Human Resources will seek candidates for the position. Selection of an acceptable candidate is made by the campus/department administrator. The Budgetary Services Budget
Analyst shall review the request to ensure that adequate funds exist in the appropriate account code(s). If funds do not exist, the Budget Analyst shall notify the appropriate Grant Manager to determine if funds will be re-appropriated to the account code(s). After approval from the Grant Manager and Finance department, the Human Resources department shall advertise the position.

The screening and selection process shall include a review of the recommended applicant to ensure that he/she meets the highly qualified requirements under the No Child Left Behind Act (NCLB), as appropriate, or any other grant-specific credentials.

Upon employment, the new hire shall receive and sign a copy of his/her respective job description to include the grant funding source.

Transfer of Personnel

When staff in a position funded with grant funds is recommended for transfer to another campus, department, or assignment, the grants management, human resources, and finance departments shall work collaboratively to ensure that the appropriate staff allocations and funding changes are made at the time of the transfer. The home campus or department shall initiate the request for the transfer, especially if it is a teaching assignment change at a campus. The grants management, human resources and finance departments must evaluate the requested transfer to ensure that the staff allocations, highly qualified staff requirements, and funding source changes are in compliance with grant requirement.

Substitute Teachers

Salary expenditures for substitute teachers and aides are allowable for approved teacher and aide positions. The Budgetary Services and Payroll departments shall ensure that the expenditures for substitute teacher costs are budgeted and expensed from the appropriate account codes. The district approved substitute pay scale shall be used to compensate all substitutes whether paid from local, state or federal grant funds.

Stipends and Extra Duty Pay

Stipend and extra duty pay expenditures are allowable for authorized and approved activities. A schedule or work log shall be maintained to substantiate the stipend and/or extra duty pay. It is recommended by the TEA that a job description for each stipend role include the duties related to the grant purpose and the grant funding source. The approved Stipend and Additional Pay Procedure shall be used to compensate all staff whether paid from local, state or federal grant funds. (Included in the Exhibit Section).

The finance department shall ensure that the expenditures for stipend and extra duty pay are budgeted and expensed from the appropriate account code(s). The stipend and extra duty pay rates shall be the same as the rates used for similar locally funded activities. For example, if a teacher stipend for attending a 1-day professional development activity funded through local funds during a non-scheduled work day is $150 per day, the teacher stipend for attending a federally-funded 1-day professional development activity should be $150 per day, too.
902.73 Time and Effort Documentation

District staff funded wholly or partially with federal grant funds shall comply with federal guidelines related to time and effort. The grant funded staff, their immediate supervisors, grant managers, human resources, and finance departments shall be aware of the federal guidelines related to time and effort documentation. On a least an annual basis, all impacted staff shall be trained by the grants management department and/or attend appropriate training from an outside source.

The district shall collect and monitor time and effort documentation for district employees only. Time and effort documentation does not apply to Independent Contractors.

The district shall comply with all federal time and effort documentation guidelines. The following requirements shall apply to all district staff funded wholly or partially from federal grant funds, including staff funded through non-federal grant funds as part of a cost sharing or matching requirement.

Job description for all grant funded staff

The district shall develop and distribute a job description to all district staff that is wholly or partially funded with grant funds. The job description shall include the funding source and the job duties as they relate to the grant position. The grant-funded staff shall sign the job description at employment and on an annual basis, or at a minimum, when the funding source, job title or other change occurs in the employment or assignment of the staff member.

The job description and assignment shall be supported by documentation such as master schedule.

Roster of all grant funded staff

The Grant Managers shall maintain an up-to-date roster of all grant funded staff to include the position title, annual salary, and funding source(s) by percentage. The roster of grant funded staff shall include all staff paid with non-federal grant funds whose compensation/benefits are paid as part of a matching or cost sharing requirement of a federal grant fund.

The home campus or department, Human Resources Departments, and Budgetary Services Department shall work collaboratively to ensure that the roster accurately reflects that data maintained in their respective area of responsibility. Discrepancies, if any, in the roster shall be brought to the attention of the appropriate grant manager.

The review of the roster shall include, but not be limited to the following:

1) Campus or department – ensure that the grant funded staff are assigned in the position title as noted on the roster. The master schedule or assignment of instructional staff must support the position title and funding source.
2) Human Resources – ensure that the position title and salary are correct as noted on the roster. And, the HR department shall ensure that all grant-funded staff meet the state’s Certification or are Highly Qualified, as appropriate.

3) Budgetary Services – ensure that the funding source(s) and estimated salary are correct as noted on the roster. In addition, the Budgetary Services Department shall ensure that the payroll distribution account code(s) are in accordance with the FASRG.

4) Grant Manager – ensure that the positions are authorized on the grant application and that the PEIMS Staff Data submitted to TEA is consistent with the position title, Role ID and object code. In addition, the Grant Manager shall ensure that each grant funded staff member has a signed job description on file for the position title noted on the roster.

The review shall occur on at least semi-annually throughout the school year to ensure that the roster of grant funded staff is accurate and up-to-date throughout the year. NOTE: It is critical that at least one of the reviews coincide with the submission of the Fall PEIMS Staff Data to ensure that accurate data is submitted as of the October snapshot date.

**Budgeting of grant funded staff**

The rosters of grant funded staff shall be the basis for budgeting of grant funded staff through the District’s financial accounting software. Human Resources adds the funding source to the funding tab on the position. Generally, federally-funded positions have their own position control number (PCN). However, when this is not the case (for example, if a federally funded Special Education Teacher is also teaches an Athletics class, then the percentage of time in each funding source shall be utilized by the Budgetary Services Department to enter the correct budget code on the PCN. During budget planning, the financial accounting software creates the salary portion of the grant budget. The percentages are also utilized to pay the employee when payroll runs.

In addition, the Grant Managers, Human Resources Departments, and Budgetary Services Department work together to ensure that the Grant Personnel Schedule of the grant application matches the budget and payroll account code(s). For example, if the Grant Personnel Schedule for Title I, Part A includes a position of a “008 – Counselor (6119)”, the budget and payroll account code distribution shall be entered in a 6119 object code.

The Grants Managers, Human Resources Departments, and Budgetary Services Departments shall work collaboratively to adjust the budget and payroll account code distributions of grant funded staff if the time and effort documentation consistently reflects that the percentage(s) across the funding source(s) is not a true reflection of the normal work schedule.

Tim and effort requirements for staff funded 100% from one grant (or working 100% of their time in a single cost objective)

The staff funded 100% from one grant source must certify in writing, at least semi-annually, that they worked solely on the program for the period covered by the certification. The employee
and his/her immediate supervisor must sign the Semi-Annual Certification Form (sample in Exhibit Section).

The timeline for semi-annual certifications shall be once per academic semester to coincide with teaching assignment each semester. The immediate supervisor shall submit all signed semi-annual certifications to the grant management department as noted below:

1) 1st Certification for Fall Semester due in January.
2) 2nd Certification for Spring Semester due in June.

The Grant Manager’s review shall consist of the following:

1) A review of the certification forms to ensure that every staff member and supervisor has certified that their schedule is 100% grant related
2) A test sampling of staff assignments, i.e. master schedule, duty schedule, etc. to verify the schedule is 100% grant related

**IDEA Grant Manager requires a current schedule be submitted with Sumi-Annual Certification Form.** The Grant Managers shall collect and review all Semi-Annual Certification Forms. Any certifications that reflect a percentage other than 100% shall be forwarded to the Budgetary Services Department for adjustment of the grant payroll expenditures for the certification period.

**NOTE:** Steps should also be taken to ensure that the staff member’s work schedule is adjusted to 100% grant related, or is changed from the semi-annual certification method to time and effort reporting. The Grant Managers shall file the certifications for audit purposes.

The Budget Analyst shall correct the budget code on the PCN in the financial accounting software. The Coordinator for Budgetary Services or the Payroll Specialist do an Earning Runs in the financial accounting software and the Payroll Specialist also runs Earnings Adjustments and posts. Both of these make changes behind the scenes to the budget codes charged and ensure the incorrect code is credited while the correct code is debited for the expenditures.

Time and effort requirements for staff split funded (funded from more than one (1) cost objective and/or grant programs)

Documentation of time and effort for employees who:

1) Do not work 100% of their time in a single grant program
2) Work under multiple grant programs
3) Work under multiple cost objectives
4) Do not have a regular schedule

shall be a Personnel Activity Report (PAR) [Refer to Exhibit Section]. Employees must submit PARS at least monthly to coincide with the district pay periods to the appropriate Grant Manager. Such reports must reflect an after-the-fact distribution of 100 percent of the actual time spent on each activity and must be signed by the employee and their immediate supervisor. Charges to payroll must be adjusted to coincide with preparation and submittal of the interim expenditure report required for TEA discretionary grants.

Documentation of time and effort for employees who:

1) Do not work 100% of their time in a single grant program
2) Work under multiple grant programs
3) Work under multiple cost objectives
4) Have a regular schedule shall be a through the Texas Education Agency Substitute Time and Effort System worksheet [Refer to Exhibit Section]. These employees will complete this worksheet at the beginning of each school year and submit it to the appropriate Grant Manager. If a schedule changes by more than 10%, an updated schedule must be submitted.

The Coordinator for State and Federal Programs is responsible for submitting the application to TEA for the Substitute Time and Effort System. This application is valid for all programs and grants within KISD.

The immediate supervisor shall submit all signed time and effort reports to the Grant Manager. The Grant Manager review shall consist of the following:

1) A review of the time and effort reports to compare the summary percentage of grant-related work per funding source to the budgeted percentage utilized to charge the monthly payroll charges
2) A test sampling of staff assignments, i.e. master schedule, duty schedule, etc. to verify the percentage of grant-related work per funding source
3) If the time and effort report reflects the same percentage, the report may be filed for audit purposes
4) If the time and effort report reflects a different percentage, the report shall be reconciled to reflect the correct payroll charges by grant funding source and forward the reconciliation to the Budgetary Services Department for adjustment of the payroll charges on the general ledger.

The Budget Analyst shall correct the budget code on the PCN in the financial accounting software. The Coordinator for Budgetary Services or the Payroll Specialist will do an Earning Run in the financial accounting software and the Payroll Specialist also runs Earnings Adjustments and posts . Both of these make changes behind the scenes to the budget codes charged and ensure the incorrect code is credited while the correct code is debited for the expenditures.

According to federal regulations, the final amount charged to each grant award must be accurate, allowable and properly allocated. NOTE: The finance department should use caution to avoid excess drawdown of grant funds due to unallowable payroll costs if timely adjustments to the general ledger as not posted prior to the drawdown of funds.

Time and Effort Substitute System

The US Department of Education (USDE) and the Texas Education Agency (TEA) have authorized the use of a substitute system for time and effort.

In the event that the district determines that it is in its best interest to use the Time and Effort Substitute System, the Management Certification shall be completed, signed by the Superintendent and filed with TEA in accordance with the established deadlines. Extensive training of staff shall occur at the time the system is implemented to ensure that all grant-funded staff and the grants management and finance departments are aware of the requirements of this system.
902.74 Non-Payroll Expenditures

Direct non-payroll expenditures include contracted services, supplies, travel and equipment. The expenditure of federal grant funds for non-payroll costs shall adhere to the district’s purchasing policies and procedures. In addition to the normal purchasing process, all grant funds must be approved by the appropriate Grant Manager for each respective grant program.

The Grant Manager with approval authority for each federal grant is listed in Exhibit #___.

TEA Guidelines Related to Specific Costs

The district shall adhere to TEA’s Guidelines Related to Specific Costs as published on the TEA website. A copy of the guidelines shall be made available to all staff with authority to initiate and/or authorize a purchase or expenditure with federal grant funds. These guidelines shall be posted on the District’s website as a resource when expending federal grant funds.

Note: Districts may develop and implement more restrictive guidelines, as appropriate, based on local policies and procedures

Local Guidelines Related to Unallowable Costs--for NCLB programs only

PERKINS

Unallowable activities and use of funds may include but are not limited to the following:
< Construction, renovation, or remodeling of facilities
< Food costs, except as specified in Guidelines Related to Specific Costs
< Payment for students who are employed by and receiving training from a private business or organization
< Salaries for classroom CTE teachers
< Academic remediation for CTE students
< Any expenditures for administration that exceed 5% of the total grant award
< Any purchase order or other encumbrance or obligation placed before the approved project beginning date or after the ending dates of the grant
< Any goods or services received before the beginning date of the project (July 1, 2014) or after the ending date of the project (June 30, 2015)
< Equipment received before June 30, 2015, and installed and/or placed in service after June 30, 2015, is not an allowable expenditure
< Items prohibited by supplement-not-supplant requirements
Perkins funds may be used to supplement (increase the level of services) but not supplant (replace) funds from nonfederal sources.
< In-state travel or per diem in excess of state rates (not to exceed actual costs); out-of-state travel in excess of federal government rates for the locale (also not to exceed actual costs)
< Travel that is required by SBOE rules or that does not improve the program (in-district to visit projects or homes, training station visits, etc.)
< Travel and/or registration fees for students to attend CTSO leadership activities
< An article of equipment that did not have prior approval from TEA
< An LEA or fiscal agent may not use Perkins funds to pay for individual career and technical student organization (CTSO) membership dues on behalf of individual CTE students; individual membership dues are not an allowable cost for this grant.
< Alcohol beverages
Furniture, except when the furniture is considered industry-specific instructional equipment
< Consumable supplies, defined as items that are expected to be used within a short period of time, such as office supplies, paper, computer supplies, building and maintenance supplies, and laboratory supplies
< Motorized vehicles
< Any purchase for the sole or primary use of CTSOs
< Expenditures for teacher bonuses
< Work-study programs
< Payment with 2014–2015 Perkins funds for travel or registration fees for events that occur before July 1, 2014
< Pre-payment with 2014–2015 Perkins funding of travel or registration fees for events that occur after June 30, 2015
< Reimbursement of expenditures incurred before June 30, 2015, for travel or registration fees that occur or end after June 30, 2015
< Membership fees in professional or social organizations for individual staff
< Insurance coverage for students

The district has developed local guidelines related to unallowable costs with federal grant funds. Although some of these costs may be allowable under the federal or state regulations, the district has determined that expenditures shall be unallowable with federal grant funds. The unallowable costs are noted below or in the Exhibit Section.

**Unallowable Costs**
- Snacks that do not meet the Smart Snack federal guidelines (Exhibit #____)
- Printing in color
- Meals (during a Working Lunch or Professional Development) that exceed $10 per person
- Consultant fees in excess of $1,000 per day

**Selected Items of Cost – Professional Services**

**902.75 Contracts and Professional Services with Grant Funds**

All contracts and professional services agreements shall be reviewed and approved in accordance with the district guidelines for all non-grant funds. For example, if School Board Policy requires that all contracts that exceed $50,000 be approved by the Board of Trustees, all federal grant contracts that exceed $50,000 shall also. The district’s **Contract Management Procedures (Exhibit Section)** shall be adhered to in procuring, evaluating, selecting and awarding contracts. The vendor shall complete the Vendor Application Package to include, at a minimum, the following documents:
Vendor application
- W-9 Form for vendor identification and tax purposes
- Conflict of Interest Questionnaire
- Felony Conviction Notice
- Criminal Background and Fingerprinting (if working directly or indirectly with students)
- Certificate of Insurance (with the District as additional insured) if services will be rendered on district property

In addition, the Grant Manager and Budget Analyst or Coordinator for Budgetary Services shall review and approve all consultant services agreements for compliance with federal regulations regarding professional service costs (2 CFR 200.459).

The Grant Manager, Purchasing Department and Finance Department review shall consist of the following:
1) Consultant and/or contractor has not been suspended or debarred (contracts greater than $25,000)
2) The contract and/or funds have been approved in the grant application, if specific approval is required from the granting agency
3) The contract’s nature and scope of service is directly related to the federal grant award activities
4) The past pattern of costs, particularly in the years prior to federal awards
5) The contract does not contain any proposal costs [not allowable under federal regulations]
6) Whether the proposed contracted services can be performed more economically by direct employment rather than contracting
7) Capability of the proposed vendor to perform the required services
8) The qualifications of the contracting firm or individual and the customary fees charged by the proposed vendor [A Resume, Vita or Statement of Qualifications shall be required for all contracts with Independent Contractors.]
9) The contract and/or consultant agreement meets the allowable costs principles.
10) A contract subject to Davis Bacon has the appropriate contract language.
   The contract and/or consultant agreement fee for services do not exceed any federal grant or local limits
11) Other ______________________

The Purchasing Department Contract Specialist shall review all contracts. Contracts shall be reviewed for general content by the requesting department or campus. Terms and conditions related to policy, procedure, State, or Federal law shall be reviewed by the contract specialist before a KISD official signature is requested. Contracts are approved by the signature authority outlined in KISD Administrative Procedure III-X. If the total cost of a contract is $50,000 or more, the contract must be Board approved prior to obtaining the final KISD signature. The contract specialist will obtain final KISD signatures for any agreement valued at $5000 or more.

The date the district executes (signs) a contract for professional services shall be defined as the “obligation date”. Since the district cannot obligate federal grant funds, except during the grant
period, the district shall not execute a contract prior to, or after, a grant period; otherwise, the costs of the professional services shall be unallowable under the federal cost principles.

The district will/will not execute a Letter of Intent with a third party prior to the issuance of a Notice of Grant Award (NOGA), as deemed appropriate.

All district contracts for professional services to be funded through a federal grant award shall comply with the following contract provisions as recommended in the Texas Education Agency’s Guidance and Best Practices for Professional Services Contracts:

- The contract is only effective upon receipt by the district of the NOGA from the awarding agency.
- The contract period is aligned to the grant period of availability as stated on the NOGA from the awarding agency (period of availability).
- All services will be completed during the effective dates of the contract.
- All services will be invoiced monthly after services are received (rather than paid lump sum at the beginning of the period of availability before services are rendered) and paid upon verification of receipt of services.
- The regulations for procurement in 2 CFR §§200.318-323 are followed in issuing the contract.
- All professional services provided under the contract will follow the provisions of 2 CFR 200.459 Professional service costs.
- The contract identifies the funding sources that will be charged for the services provided, including the specific amount and/or percentage of the total contract amount to be charged to each funding source.
- The contract identifies and lists only reasonable, necessary, and allocable services to be provided during the period of availability of the funding sources listed in the contract.
- The administrative costs charged to the grant in the contract must comply with any limitations for administrative costs for funding sources (if applicable).
- The contract specifies that the invoice provided by the contractor will include the list of services provided, dates of services, and location(s) where services were provided during the billing period.

Additional district contract provisions shall include:

- The contract shall not have multi-year extensions without a “non-appropriation of funds” cancellation clause.
- The contract extensions, if included, shall restrict the contract renewals and/or extensions to either a “sole discretion of the district” or “mutual agreement” and not an “automatic renewal”.
- All products created as a result of the district shall be vested in the district and the district shall retain all intellectual property rights.
902.76 Approval of Grant Purchases and Expenditures

The district shall adhere to the normal approval path for purchase orders with non-grant funds. In addition, all purchase orders with grant funds shall be reviewed and approved by the appropriate Grant Manager.

The Grant Manager review shall consist of the following:

1) The expenditure is reasonable and necessary (as defined in federal grant guidelines). (NOTE: A test of whether an expense is necessary will include the verification that the expenditure is to perform a strategy or activity in the District or Campus Improvement Plans.)
2) The expenditure is not required by state law or local policy.
3) The expenditure has been approved in the grant application, if specific approval is required from the granting agency.
4) The expenditure meets the allowable costs principles.
5) The expenditure is allowable and approved in the grant application and is consistent with the grant purpose.
6) The expenditure is supplemental and not supplanting a local expenditure (NOTE: Refer to compliance issues related to supplement and supplant for additional guidance.)
7) The expenditure has been competitively procured as required by law, as appropriate.
8) The expenditure has been approved by the governing body, as appropriate [Note: School Board Policy CH Local has established the threshold of contract approval by the School Board at $50,000.]

In addition to the normal approval path of district expenditures, all grant expenditures shall be approved by the Grant Manager under the following circumstances:

1) Invoice amount exceeds the purchase order by ____% or $_____.
2) Payment of an invoice will be paid by an account code(s) other than the original account code(s) that were used to encumber the purchase order.
3) Travel expenditures, if not encumbered through the purchase order system.
4) Non-purchase order payment such as petty cash, credit card, direct invoice, reimbursement, etc.
5) Reclassification of a prior expenditure from one account code(s) to another.
6) Other______________________________

All Accounts Payable staff shall adhere to the Accounts Payable Procedures for all check disbursements. Specifically, all checks issued by the district shall be verified, recorded, approved, issued and reconciled by multiple individuals to ensure segregation of duties. [Accounts Payable Procedures in the Exhibit Section.]

Credit Card Purchases with Grant Funds

The district may use district-issued credit cards to make purchases with federal grant funds.
An original, detailed receipt shall be required for all credit card purchases with federal funds. If the purchaser does not submit an original, detailed receipt for audit purposes, the expenditure and/or reimbursement may not be charged to a federal fund. At no time shall district credit cards be used to withdraw cash.

The appropriate Grant Manager shall review and approve all credit card expenditures.

The Grant Manager’s administrative review shall consist of the following:
1) Original, detailed receipt includes an itemized list of what was purchased
2) The purchaser has documented a valid reason for the purchase which is consistent with the grant guidelines
3) The credit card purchase meets the allowable costs principles.

NOTE: The district may reimburse purchases made with a non-district credit card, as appropriate.

Fraudulent credit cards purchases made with federal grant funds shall be grounds for disciplinary action, up to and including termination of employment. The appropriate legal authorities shall also be notified for criminal prosecution, as appropriate. Accidental use of a credit card to make an unauthorized purchase with federal grant funds may be subject to similar disciplinary action but shall require immediate (within 2 days from date of discovery) restitution to the district. [Note: The fraudulent or accidental charges may not be charged to a federal grant fund, nor drawn-down as expenditures.]

**Petty Cash Purchases with Grant Funds**
The district shall not use a petty cash account to make purchases with federal grant funds.

**902.77 Travel Expenditures with Grant Funds (Students & Staff)**

The district may use federal grant funds for travel costs. All travel-related expenditures from grant funds shall comply with the allowable federal cost principles, the State Tex-Travel Guidelines, School Board Policy and the district’s travel guidelines. [Travel Guidelines in Exhibit Section]. The allowable rates of reimbursement shall be the lesser of the federal rates or local rates. For example, if the federal rate of reimbursement for mileage is .575 cents but the local rate established in Board Policy DEE Local is 28 cents, the maximum rate of reimbursement for mileage with federal funds shall be the local rate of 28 cents.

The travel-related expenditures with grant funds shall fall within the grant period, unless a specific exception is allowable by the granting agency.

The following guidelines shall apply to the expenditure of grant funds for staff, student and/or parent travel, as appropriate.

- A completed Request for Professional Leave & Transportation and Travel Reimbursement Forms for all travel
- Registration fees – registration fees shall be allowable if the event is related to grant activities. Registration fees may not be paid from the current grant period for an event during the next grant period. Early registration deadlines shall not apply. Recreational or social events subject to an additional fee, above and beyond the registration fee, shall not be allowed with grant funds.

- Meals – meal expenses for overnight travel (in accordance with local travel guidelines) shall be allowed for district employees and students. Non-overnight travel meals expenses shall not be allowed. The district shall reimburse meal expenses upon receiving detailed receipts, subject to the GSA limits. The traveler shall submit a written Travel Reimbursement Form with the actual meal costs for work-related meals. The meal per diems shall be adjusted based on District policies regarding the day of departure/return and meals provided without cost as part of the registration fee.

- Lodging – lodging expenses for overnight travel (in accordance with local travel guidelines) shall be allowed. Federal funds may pay for lodging expenses up to the GSA limits. Receipts shall be required for all lodging expenses. Recreational or personal services such as gyms, spas, etc. shall not be allowed with grant funds.

- Transportation – transportation expenses shall be allowed for reasonable expenses such as flight, rental car, taxi, shuttle, mileage reimbursement, etc. (in accordance with local travel guidelines). Receipts shall be required for all transportation expenses. Transportation expenses shall be reasonable and limited to the guidance in the cost principles.

No grant funds shall be used for travel expenditures of non-district staff such as spouses. The district shall not allow any “family-friendly” travel expenditures, such as dependent care travel costs, with federal grant funds.

The Grant Manager shall review and approve all travel-related expenditures paid with federal grant funds.

The Grant Managers and Budget Analyst review shall consist of the following:

1) All original, detailed receipts include an itemized list of what was purchased (Budget Analyst after the trip has been taken).
2) The traveler has documented a valid reason for the travel which is consistent with the grant guidelines and purpose
3) The travel expenditures meet the allowable cost principles
4) The travel is not for the Superintendent or non-employee such as family member, School Board member, etc.
5) The travel is for students during an educational field trip or other approved activity in accordance with grant guidelines and purpose
6) The travel is not for a contractor or consultant for the their professional development
7) The travel was approved by the granting agency, as appropriate

902.78 Preparing Expenditure Reports & Draw Down of Funds
902.41 Draw-down of Grant Funds
The district shall on at least a monthly basis, following the final external audit or as allowed or required by the grant guidelines, draw-down grant funds that have been spent in accordance with the grant guidelines. The draw-down shall be for all expenditures to date, less grant funds received to date, as verified by a financial general ledger. NOTE: The expenditures shall be net of all refunds, rebates, discounts, credits, and other adjustments, if any.

**At no time shall the district draw-down any “advanced” cash payments.**

The draw-down of grant funds from the granting agency shall be initiated by the Budget Analyst. A detailed summary general ledger of each grant fund should be generated to determine if the district is entitled to draw-down funds, i.e. if the granting agency owes the district any funds.

**If a grant has a matching requirement, the district shall draw-down only the allowable amount after verifying compliance with the level of matching expenditures.**

The Grant Managers’ review shall consist of the following:

1. A review of the detailed general ledger for any unusual charges or reclassification of expenditures
2. A test sampling of either unusual or large expenditures to ensure that the expenditures were reviewed and approved by all designated staff
3. Monitor the percentage of expenditures-to-date to ensure that the grant funds are expended on a timely basis throughout the grant period. [NOTE: TEA may disallow grant fund expenditures that appear to be made outside of the grant period or so late in the grant period that the district and its student did not benefit from the delayed expenditure.]
4. **Authorize [in writing]** the finance department to draw-down the available grant funds

The amount of the receivable shall be recorded on the general ledger and a copy of all supporting documentation such as the detailed general ledger, approval from the grant management department, and other supporting documentation shall be filed for audit purposes.

If manual approval of an electronic draw-down is required by the granting agency, the Budgetary Services Department shall comply with the manual requirements. For example, TEA at times requests supportive information related to a drawn down such as a detailed general ledger, narrative justification, or summary of expenditures by object code. Upon a request from the TEA, the Budget Analyst may forward the request to the Grant Manager for additional information before responding to the request within the allotted time to avoid designation as a “high risk” grantee.

The Budget Analyst shall ensure that the requested draw down amount does not exceed a grant-specific draw down amount, or percentage. [NOTE: The NCLB draw down percentage is 20% per month and aggregates each month.]

The final draw-down of grant funds from the granting agency shall be made within the allowable timeframe. The grant liquidation guidelines shall be adhered to in making final
payment for all goods and services received and placed into service before the end of the grant period. The draw down process shall be the same as a monthly or periodic draw down, except that all refunds, rebates, credits, discounts or other adjustments to the general ledger must be recorded in the general ledger prior to submitting the final draw down request. [NOTE: There shall be no outstanding purchase orders or pending liquidations at the time of the final draw down of grant funds.] The final draw-down shall be reviewed and approved in the same manner as a periodic draw-down.

Federal regulations (CFR 200.415) requires that the district certify the accuracy of the annual and fiscal reports or vouchers requesting payments be signed by the authorized individual(s). The Grant Managers and Chief Financial Officer shall jointly certify every draw-down of funds, including the final expenditure report (draw-down of funds) as noted below:

By signing this report, we certify to the best of our knowledge and belief that the reports is true, complete and accurate, and the expenditures, disbursements and cash receipts are the purposes and objectives set forth in the terms and conditions of the federal award. We are aware that any false, fictitious, or fraudulent information or omission of any material fact, may subject us to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise.

If a final draw down deadline is missed, the Budget Analyst shall contact the granting agency to determine if a process exists to request a filing deadline extension. [NOTE: TEA has developed procedures to request an extension for filing expenditure reports. The request form must be completed, signed by the Superintendent and filed with TEA within 30 days of the final expenditure report deadline.]

The receivable from the granting agency shall be recorded in the general ledger. The same process for preparation and posting of the general ledger entry as a periodic draw-down shall be adhered to. [NOTE: The revenues realized and the expenditures should be equal at the time of the final draw down of grant funds.]

**Receipt of Grant Funds**

All district staff, especially those assigned with federal grant duties, shall adhere to the Cash Management Procedures. Specifically, all cash received by the district shall be deposited, recorded reconciled by multiple individuals to ensure segregation of duties. [See Cash Management Procedures in the Exhibit Section.]

The district shall record all grant fund receivables upon receipt from the granting agency. The receipt of grant funds shall be posted to the general ledger to the appropriate receivable account code. In the event that the grant funds received do not match the recorded receivable, the Budget Analyst shall contact the granting agency to determine the discrepancy. If the granting agency has reduced and/or increased the grant funds paid to the district, a general ledger adjustment shall be posted to the appropriate revenue and receivable accounts. The Budget Analyst shall prepare the adjusting journal ledger entry and the Senior Accountant or Director for Financial Reporting shall post the entry to the finance general ledger.
District Options:

The district will not maintain grant funds in a separate bank account.

The district has elected to draw down federal grant funds under the cash reimbursement program guidelines, i.e. after the delivery of the payment to the payee. No interest shall be earned, recorded, nor returned to the granting agency as a result of the cash reimbursement program.

Tracking and Recording Receivables

On at least a monthly basis, Treasury Specialist shall review all pending receivables. Aged receivables, defined as greater than 60 days from the date of recording, shall be investigated and resolved by contacting the granting agency.

At the end of the fiscal year, all known and measurable receivables shall be recorded to the general ledger to the appropriate grant code. The Budget Analyst shall prepare the adjusting journal ledger entry and the Senior Accountant or Director for Financial Reporting shall post the entry to the finance general ledger.

902.8 Grant Compliance Areas

The district shall ensure that it is in compliance with all provisions and assurances of all grant programs. In addition, the district shall comply with grant requirements such as supplement not supplant, comparability, indirect cost, and maintenance of effort spending levels.

902.81 Supplement, Not Supplant

The term, supplement, not supplant, is a provision common to many federal statutes authorizing education grant programs. There is no single supplement, not supplant provision. Rather, the wording of the provision varies depending on the statute that contains it.

Although the definition may change from statute to statute, supplement not supplant provisions basically require that grantees use state or local funds for all services required by state law, State Board of Education (SBOE) rule, or local policy and prohibit those funds from being diverted for other purposes when federal funds are available. Federal funds must supplement—add to, enhance, expand, increase, extend—the programs and services offered with state and local funds. Federal funds are not permitted to be used to supplant—take the place of, replace—the state and local funds used to offer those programs and services. [TEA Supplement, Not Supplant Handbook, 2013]

The district process to ensure that all grant funded activities are supplemental shall be a collaborative effort between the Grant Managers and Budgetary Services Department. Both departments shall receive training and be aware of the supplement not supplant provisions.

The Grant Managers shall review and approve all expenditures. The Grant Managers’ review shall determine if the planned purchase and/or expenditure meet one of the following guidelines:
1) The grant funds will be used to enhance, expand, or extend required activities. Examples may include before/after tutoring, additional research-based instructional programs, or other supplemental expenditures not required by state law or local policy.

2) The grant funds will be used for specific grant activities included in the grant application that are above and beyond the activities funded with local funds.

3) The grant funds will be used to supplemental grant activities as noted on the DIP or a CIP.

Program-specific supplement, not supplant provisions shall be complied with in addition to the overall federal funds requirements.

902.82 Comparability

Comparability of services is a fiscal accountability requirement that applies to local educational agencies (LEAs) that receive funds under Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), as reauthorized by the No Child Left Behind Act of 2001 (NCLB). The intent of the comparability of services requirement is to ensure that an LEA does not discriminate (either intentionally or unintentionally) against its Title I schools when distributing resources funded from state and local sources simply because these schools receive federal funds. [TEA Title I, Part Comparability of Services Guidance Handbook, 2013]

The Budget Analyst shall conduct the comparability test on an annual basis and complete the Title I Part A Comparability Assurance Document (CAD). NOTE: If the district determines that it is exempt from the comparability requirements, the Budget Analyst shall note the exemption on the CAD and submit it to TEA. If the district is not exempt, the Budget Analyst shall complete and submit the Comparability Computation Form (CCF) to TEA by their deadline.

In completing the CAD and CCF, the Budget Analyst shall follow the process outlined below [and illustrated on the workflow]

1) Determine if the district is exempt from the comparability requirement. If so, complete and submit CAD and stop here.

2) If not exempt, the comparability testing process should continue as noted below:
   a. List all campuses in the CCF comparability testing
   b. Identify all campuses on the CCF as Title I Part A, skipped, or non-Title I Part A
   c. Determine whether to include dedicated EE and/or PK campuses in the comparability testing
   d. Select test method 1, 2, or 3 and use it consistently to all campuses being tested
   e. Complete the CAD and CCF and forward to the Superintendent for signature.
   f. Submit the CAD and CCF to TEA by the deadline

If TEA determines that the district is non-compliant, the Grant Managers, Human Resources, and Budgetary Services Departments shall work collaboratively to address the non-compliance. In
addition, the district shall adjust the budgets as appropriate to until the district is in compliance with the comparability requirement.

902.83 Indirect Cost
Grantees must have a current, approved federal indirect cost rate to charge indirect costs to the grant. The indirect cost rate is calculated using costs specified in the grantee’s indirect cost plan. Those specified costs may not be charged as direct costs to the grant under any circumstances. [TEA Indirect Cost Handbook, 2014]

The district has applied for an Indirect Cost Rate extension through the pass-through entity (TEA) for a 4-year period, from July 1, 2015 to June 30, 2019. After the extension period, the district shall apply for an indirect cost rate through the federal granting agency or pass-through entity (TEA) in accordance with the current regulations. The Director for Financial Reporting along with the Coordinator for Budgetary Services shall complete the Indirect Cost Rate Proposal and the Budget Analyst or the Coordinator for Budgetary Services shall submit an Indirect Cost Rate Proposal by the established deadline as specified by the pass-through entity (TEA) on the Indirect Cost webpage at: http://tea.texas.gov/index4.aspx?id=3842

The district’s Indirect Cost Rate, or the maximum allowable rate, whichever is less shall be used to post Indirect Costs for federal funds to the General Fund. The Budget Analyst shall prepare a general ledger entry for the indirect costs. The Senior Accountant shall post the entry to the finance general ledger.

902.84 Maintenance of Effort

The district shall comply with the No Child Left Behind (NCLB) and Individuals with Disabilities Act (IDEA) maintenance of effort requirements.

NCLB MOE

Federal statute requires that local education agencies (LEAs) receiving Title I, Part A funds must continue to maintain fiscal effort with state and local funds. An LEA may receive its full Title I, Part A entitlement if either the combined fiscal effort per student or the aggregate expenditures for the preceding fiscal year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding fiscal year. Maintenance of Effort (MOE) is determined using state and local operating expenditures by function, excluding expenditures for community services, capital outlay, debt service, and supplementary expenses as a result of a Presidential declared disaster, as well as any expenditures from funds provided by the federal government. [TEA NCLB MOE Handbook]

The Budget Analyst shall compute the MOE using the TEA NCLB LEA MOE Determination Calculation Tool during the budget adoption process and at the end of the fiscal year. Non-compliance with NCLB MOE will result in a reduction of NCLB funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the Grant Manager, Budget Analyst, and Coordinator for Budgetary Services shall plan for the reduction of grant funds at the local level. If the NCLB MOE falls below the required level, the Grant Manager, Director for Financial Reporting, Budget Analyst and Coordinator for Budgetary Services shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.
IDEA-B MOE

An LEA that accepts IDEA-B funds is required under IDEA-B to expend, for services to students with disabilities, at least an amount equal to 100% of the state and/or local funds it expended on students with disabilities during the previous year. Federal law provides four methods of demonstrating compliance (or “maintaining effort”), as described in the Methods of Determining Compliance section. [TEA IDEA-B MOE Guidance Handbook, 2014]

The Budget Analyst shall compute the MOE using the TEA IDEA-B LEA MOE Calculation Tool during the budget adoption process and at the end of the fiscal year. Non-compliance with IDEA-B MOE will result in a reduction of IDEA-B funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the Grant Manager, Budget Analyst, and Coordinator for Budgetary Services shall plan for the reduction of grant funds at the local level. If the IDEA-B MOE falls below the required level, the Grant Manager, Director for Financial Reporting, Budget Analyst and Coordinator for Budgetary Services shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

NOTE: The Budget Department shall code all special education expenditures that qualify as exceptions to a specific local code for tracking purposes. For example, if the district makes a long term purchase of equipment for a special education student, the district should track that expense separately to apply that cost as an exception during the MOE calculation.

As part of the IDEA-B grant application process, the Grant Manager will need to know the prior year Special Education expenditures and the next fiscal year budgeted Special Education Expenditures. The Budget Analyst working with the Coordinator for Budgetary Services shall provide these amounts to the Grants Manager as needed.

902.85 Reporting Requirements

The district shall ensure that all reporting requirements for grant programs are met within the established timelines. A master list of all activity, progress, evaluation, and expenditure reports shall be created to include the grant program, report due, responsible person(s), and due date. Completion of the reports may require the collaboration of several departments; however, the ultimate responsibility for the reporting requirement shall be as noted below:

1) Programmatic reports such as activity, progress and evaluations – Grant Managers
2) Expenditure reports such as interim, draw down and final expenditure reports – Budget Analyst
3) Compliance reports such as Comparability, Maintenance of Effort, Indirect Cost, etc. – Budget Analyst or Coordinator for Budgetary Service
4) Highly Qualified Staff reports – Coordinator for Personnel Management Services

902.86 Grant Monitoring and Accountability

The district shall ensure that all grant funds are consistently monitored throughout the grant period. The monitoring shall include, but not be limited to:
• Compliance with federal requirements such as cost principles, audit, reporting requirements, etc.
• Monitoring of grant expenditures are properly documented and meet all allowable costs
• Monitor grant performance such as internal controls, audit findings, over/under expenditures, etc.
• Implement strategies to deter, mitigate and eliminate waste and fraud in the expenditure of grant funds

The Grant Manager for each federal grant shall be responsible for the programmatic and evaluation compliance as well as the financial compliance. The Budget Analyst will work with the Grant Managers by providing ongoing financial reporting so the Grant Manager is aware of the status of the finances of the grant. The Budget Analyst is responsible for financial reporting.

Grant Managers shall monitor the timing of grant activities throughout the grant period, especially as they relate to the desired outcomes. The Grant Managers, in partnership with the Budget Analyst, shall monitor the timing of grant expenditures, especially as they relate to the period of availability of grant funds. If either the grant activities or grant expenditures reflect that the district will not accomplish the grant activities during the grant period, the appropriate Grant Manager and the Budget Analyst shall work collaboratively to develop an action plan to ensure that the federal grant goals are met. The oversight of grant activities and expenditures shall include, but not be limited to, the following:

• Cost overruns or high unit costs
• Construction projects – certification of project completeness (as evidenced by the AIA)
• Significant developments that may result in an inability to complete the grant activities

The district shall maintain documentation to support all grant expenditures and provide the documentation upon request to the district’s external auditors, granting agency or other oversight agency, as appropriate.

Auditing findings or deficiencies shall be addressed in a timely manner upon receipt of the notification. The appropriate Grant Manager, Director for Financial Reporting, Chief Financial Officer, and the appropriate Deputy or Assistant Superintendent shall work collaboratively to develop and implement a Corrective Action Plan to resolve the findings or deficiencies. The Superintendent, or designee, shall approve the Corrective Action Plan and monitor the timely implementation of corrective strategies.

The district shall disclose to the granting agency if any federal grant funds have been subject to fraud to district staff and/or contractors (vendors). Corrective actions, as appropriate, shall be implemented to remedy the loss of grant funds due to fraud.

Remedies for Non-Compliance

The district may be subject to consequences due to non-compliance with federal regulations. The district shall strive to maintain compliance, but shall respond appropriately to all notifications of non-compliance from the federal granting agency or pass-through agency (TEA).
Grant Closeout Procedures

The district shall submit all grant closeout documents to the granting agency or pass-through agency, as appropriate. Grant closeout procedures shall include, but not be limited to:

- Ensure that no obligations are made after the grant period end date
- Liquidate all obligations incurred during the grant period
- Submit the final grant program performance report, if any
- Submit the final grant expenditure report, if any
- Drawdown all the expended grant funds (reimbursement request) – Match the grant expenditure draw-downs with the finance general ledger
- Certify that the final drawdown of federal grant funds are accurate (Certification)
- Refund any excess grant funds, interest, or other payables to the granting agency or pass-through agency
- **Account for any real and/or personal property on hand at the end of the grant period**
