## **Thank You, KISD Community**

Thank You Killeen Independent School District. Both Proposition A and Proposition B gained voter approval Saturday impacting thousands of students for years to come. We greatly appreciate our community and their support.

We will be providing regular updates regarding the progress of projects throughout the delivery process. We will be taking the initial steps to begin addressing safety and security needs, accessibility needs, and school construction this month.

Thank you again and all the best.

John M. Craft  
Superintendent of Schools  
Killeen Independent School District
