

## Haynes Elementary Home School Compact 2023 - 2024

Haynes Elementary School is committed to providing the best possible education for each of our students. It is our mission to provide our students with a safe environment that promotes academic and social success. We recognize that learning will take place if there is combined effort, interest, and motivation on part of the school, home and community working together. We believe this agreement can be achieved through our team efforts.
