

GRADCAST FAQ

What is GradCast ? The Gradcast project links graduates to their loved ones during one of the most memorable times in their lives. This collaborative project connects seniors graduating from area schools (Belton, Temple, Cove and KISD High Schools) with deployed family members allowing them to view graduation as well as providing an optional 1 to 1 interactive video conference with their loved ones either before or after their graduation ceremony. Media magnification enhances the graduation while real time Video Conferencing during graduation allow graduates to see their loved ones down range as they accept their diploma and allows loved ones to celebrate the graduate's success of the day.

What ELSE is GradCast? GradCast is also a LIVE Video Stream of all area School Graduation Ceremonies. We offer a live online access of Commencement Ceremonies for Belton, Temple, Copperas Cove and all KISD High schools for family and friends who are unable to attend in person. At the time of Graduation open the website <http://www.gradcast.org> and a link will be visible to watch the graduation live.

Can family members deployed from other bases participate? We cannot confirm a connection to a viewing site will be set up in a deployed location where a Fort Hood unit is not stationed. We will make every possible effort to secure a connection with all deployed service members.

What if I don't know all the information requested on the form? Please provide as much information as possible. We will contact you for any additional necessary information.

Can I request my Seniors' 1-to-1 videoconference time? We try to be as accommodating as possible. If the time that is scheduled for your private 1-to-1 is not possible contact your Student Activities Coordinator immediately and we will try to work with you.
