Killeen ISD will, in limited ways, post and distribute materials that are non-school literature only when approved by the Superintendent or his designee. One example might be grants or scholarships that would benefit a student, but are sponsored by a for-profit business or coupons to be given to students for attendance or grades that do not require any additional purchase. **Advertisements solely for the sake of increasing sales will not be posted nor distributed to students.**

   b. Posting and distribution to employees will be at the discretion of the Superintendent, or his designee, and the campus administrator when there is some benefit to the employees, such as discount coupons or events that would be beneficial to employees. **Advertisements solely for the sake of increasing sales will not be posted nor distributed.**
