Media Requestor: Killeen Daily Herald, Rose Fitzpatrick, July 22, 2019

Dear Taina Maya, John Craft, Frank Crayton, PublicInformation@killeenisd.org and other KISD officials relevant to this request,

Ms. Maya asked that I make a formal request related to the questions I sent her earlier today because she will be out of the office this week.

The subjects below are related to KISD webmaster stipends, other KISD stipends and the KISD contract(s) and with Abdul Subhani and any of his companies, including Centex Technologies. The requests below include proposed and past expenditures.

I am putting these requests on one document for your convenience. Please treat the items separately and share the information with me as soon as it is available, rather than waiting until you have all of the information. If I can help clarify any of the requests, please email or call me as soon as you receive this.

Under the Texas Public Information Act, I am requesting an opportunity to inspect or obtain copies of:

- A list of the staff members who received webmaster stipends in FY 2018/2019 by title, salary classification (teaching, nonteaching, administrative) and the amount of the stipend.
- Budget and/or financial documents showing the total amount of the stipends for webmasters in FY 2018/19
- Job descriptions and/or a list of tasks required for the webmaster stipend for FY 2018/19.
- Documents describing the district’s scope and goals of the webmasters for FY 2018/19. For example, does each school have one or more webmasters? What did the district gain from having webmasters.
- Documents, including emails and text messages, showing who made the decision to eliminate the webmaster stipend and eliminate the webmaster, why the decision was made and what will replace the webmaster role.
- Documents showing the role at KISD of Abdul Subhani and his company Centex Technologies or other company related to Subhani.
- Contracts and financial documents showing the amount of money the district is paying or will pay to Subhani and or his company annually and the duration of the contract(s) for each fiscal year for which there have been contracts., include the contracted and budgeted amounts for FY 2019/20
• Descriptive and financial
documents showing what work Subhani and his company will perform for the district?
• Documents showing any savings
• in administration or staff work by showing which title of positions, the number and amount of salaries and
the number and amount of stipends related to this hiring of Subhani and/or his company. The question
related to this request is, where did you make cuts
• to fund the hiring of Subhani and/or his company.

• Budget and or financial
documents showing the stipend categories and amounts available for an employee and total amount of
stipends for each of the stipend categories in 2018/19

• For FY 2019/20, budget or
• other documents showing all stipend categories proposed for FY 2019/20. These were released in the
budget summary. Are there others? Employee longevity - $750-$1,175; Bilingual - $5,000; Special ed -
$3,500; High school shortage areas - math, physics and
• chemistry - $3,120; Career and technical ed teacher - $1,305; Transportation, up to $4,000

• FY 2019/20 budget documents
• showing the estimated total amount for each stipend category. For example, $xxx was estimated for all
bilingual teachers/teaching assistants/others eligible for the stipend.

I am a member of the media working on a story on district finances for the Killeen Daily Herald.
If there are any fees for searching or copying these records, please inform me of the cost. However, I would also
like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and
will contribute significantly to the public’s understanding.
The Texas Public Information Act requires that you produce requested records promptly. If that will take longer
than 10 business days, you must give an estimated date on which it will be provided. Please contact me with
information about when I might expect copies or the ability to inspect the requested records.
If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the
information and notify me of the appeal procedures available to me under the law.
Thank you.

District Response: Ms. Fitzpatrick: The documents responsive the July 22, 2019 Killeen Daily Herald
Public Information Request regarding KISD webmaster stipends may be found here:
Please note that the District does not have documents responsive to all the requests, in particular:

- Job descriptions and/or a list of tasks required for the webmaster stipend for FY 2018/19;
- Documents describing the district’s scope and goals of the webmasters for FY 2018/19; and
- Budget and financial documents for FY 2019/20 as these documents are currently being prepared.

While no documents exist “showing any savings in administration or staff work by showing which title of positions, the number and amount of salaries and the number and amount of stipends related to this hiring of Subhani and/or his company” exist, Technology Infrastructure Project Savings during FY 2018/19 total over $500,000 according to a Technology Services Report presented to the Board of Trustees in the spring of 2019.
